Please find comments attached from the National Customs Brokers and Forwarders Association of America (NCBFAA) on CBP's Notice of the Extension of Agency Information Collection Activities, Commercial Invoice, Docket No. 1651-0090. Our comments provide that: i.) CBP should maintain commercial invoice collection with flexibility based on commercial practices; ii.) CBP should amend its regulations so that they no longer reflect that a commercial invoice always must accompany an entry; iii.) CBP should provide an automated invoice interface in ACE that would allow customs brokers to transmit commercial invoice information electronically; and iv.) CBP should adjust its estimated time per response and burden per commercial invoice.
