Dear Ms Preston,
Please make churches confirm to the same requirements as all other 501(c)(3)groups. I am evaluating whether to tilth or not and want to know how my church is spending the money I give. How much the ministers make, how much actually goes to charity etc. The church will not tell me but they keep asking for more money. I give to other non profits and I can find out exactly what per cent of the money I give ends up with the at need group.
Please hold religious groups accountable as it appears without accountability there is fertile ground for uncontrolled abuse.
Thank you for your consideration.
Sincerely,

Jim Wheeler, MD
