Subject: Number of times married question
Date: Tuesday, May 07, 2013 12:43:25 PM

Hi Dr. Brian Harris-Kojetin, I'm writing to protest the cutting of the "number of times married" question from the ACS. I believe that this question is vital to understanding the phenomena of marital instability in the United States, and that omitting it would be a significant loss for the literature on the subject.

Best,

Stephen
