Submitter Info

Comment:	I'd like to comment on ways to minimize the burden of the collection of information on respondents. Unfortunately I don't have any relevant background on this subject, so instead I will just observe that Ryan "Garrison Flag" Zinke is a hypocrite and an arrogant, anti-environmental twit in a cowboy hat. Best regards to the Forest Service. Keep up the good work despite the lousy leadership from President Tiny Hands and the rest of his kleptocracy. *
