2010 ENERGY STAR[®] Award Application Excellence – ENERGY STAR Promotion

Eligibility: All ENERGY STAR partner retailers, manufacturers, Energy Efficiency Program Sponsors, or other organizations, who planned and executed a successful promotion or consumer education campaign around an ENERGY STAR qualified product category, series of products, or ENERGY STAR at large.

Applying for Another Award? You may include your promotion or consumer awareness campaign within the application for that award rather than submitting two applications.

- + While it is unlikely that two awards will be issued to the same organization, the award committees will evaluate your application for both awards assuming you have clearly and fully addressed the award criteria for both.
- + Retailers, manufacturers, and/or energy efficiency program sponsors who team up on a promotion/campaign are encouraged to apply as a group.

Description: This award recognizes specific, exemplary ENERGY STAR promotions or consumer awareness campaign activities (vs. ongoing efficiency programs) **that took place during calendar year 2009**. Promotions and educational campaigns may have leveraged the national “Change the World, Start with ENERGY STAR” campaign to promote specific ENERGY STAR product(s) or may focus on other energy-efficient products or practices (for example, computer and monitor power management). Examples might include an advertising campaign, media event, community event, multi-tiered educational campaign, or combinations of these as they tie into one comprehensive promotional strategy.

Criteria: To be considered, promotions, consumer awareness or social marketing campaigns should clearly work in support of any or all of the following goals:

- Increase consumer understanding of ENERGY STAR – visual recognition of blue label, what it stands for, who’s behind it, individual and collective benefits of choosing ENERGY STAR
- Increase consumer participation in ENERGY STAR national campaign activity (i.e., increase visits to the ENERGY STAR Web site, pledge driver activities, drive attendance at educational events, etc.)
- Increase sales of ENERGY STAR qualified products in a sustainable manner (i.e., any price incentives are complemented with educational materials conveying product benefits and value, etc.)
- Effect sustained behavior change around energy efficiency – move consumers from ‘knowing’ to ‘doing’
- Increase presence of ENERGY STAR in media (TV, newspapers, consumer publications, Web content, trade publications, radio, etc.)

Narrative: Your narrative description should be no more than **five pages**, but may be accompanied by electronic samples of your campaign, advertisements, media kit materials, or other collateral associated with the ENERGY STAR marketing or consumer awareness activity for which you’re applying. These supplemental materials will **not** count toward the five-page limit.

- **Executive Summary (300 words or less)**—Please provide a brief overview of your organization and the highlights of key accomplishments that make you eligible for this ENERGY STAR award. In the event that you are chosen to receive an award, this text will be the basis used in preparing a summary of your organization's achievements. The Executive Summary will **not** count toward the five-page limit.
- **Accomplishments**—Organizations applying for this award should provide a **detailed description of your 2009 accomplishments** demonstrating how you have met the following required criteria.
- **Cumulative Accomplishments**—When highlighting cumulative accomplishments, please ensure that you include a timeframe (e.g., saved \$3 million in 2009 and more than \$10 million since 2001).

Award Evaluation Criteria

Reviewers will look for the following, *as appropriate to your activity*:

1. Leveraging of the national ENERGY STAR “Change the World, Start with ENERGY STAR” campaign for ENERGY STAR product or “practices” messaging
2. Use of ‘ENERGY STAR blue’ label – used properly and to convey understanding of its purpose/meaning
3. Definition of ENERGY STAR as government-backed, associated with energy efficiency and environmental protection/preservation
4. Visual examples of how a nationally consistent ‘tone’ was used to convey ENERGY STAR (see ENERGY STAR Identity Guidelines for guidance on this)
5. Tactics that work to create repeat sales and, ultimately, influence market share (vs. solely marketing a discounted price on a qualified product or giving a product away without a tie-in to retail to help drive consumers to purchase the next one)
6. Evidence of retail sales staff training
7. Media activities that enhance relevant consumer understanding of ENERGY STAR

Candidates must include the following in their narrative, *as appropriate to your activity*:

- Intended audience for the promotion/campaign (e.g., demographics, internal, external, international, or domestic)
- Dates and location of activity(ies)
- Brief description of any partnering or cooperative aspects
- Imagery may be incorporated into the narrative or attached electronically as supplemental materials

 - Media impressions (e.g., circulation, hits, reach, and frequency) of the promotional activity by medium (e.g., print ads, brochures, Web, etc.) and in total
 - Sales numbers: Sales of ENERGY STAR qualified product during the promotion, rebate redemption numbers, shipping data, or percentage increase in sales over same time last year. NOTE: data submitted as confidential will *not* be shared beyond the internal awards evaluation team
 - Number of sales associates trained or increase in salesperson/contractor knowledge

- Anecdotal or other customer/community feedback

Candidates are encouraged to substantiate their activities and results with additional documentation. A list of possible documentation is provided here, but is not intended to be exhaustive nor prescriptive:
