Good day,

I am writing in response to the comment request for Form 990 and related schedules, specifically ways to minimize the burden of the collection of information on respondents.

From my understanding, churches are automatically exempted from the filing requirements, and at this time they don't even have to send a notice to your agency to let you know that they are claiming a Form 990 filing exemption.

What better way could there possibly be to minimize the burden on the rest of the non-profits? Just treat them equal to churches. The relief would be tremendous, not just for those that are required to file, but for your agency as well.

If that does not sound like a good idea, then I ask that you please consider treating all nonprofits the same and require that churches conform to the same requirements of all other 501(c)(3) groups. There is no reason that churches should get special treatment.

Kind Regards,
Joseph Roshong
