my first thought is to start charging \$1,000 for a replacement document since there is no reason for anyone to lose such a document. if this is not acceptable, then i believe we should not accept giving such losers another document and we should require if you lose your document you lose your place in america. this agency is far far too negligent in letting foreigners get away with murder in coming here. they don't leave when they are supposed to. they give you fake false information and you don't follow up on it at all. so that we have 20 million people staying over from visas because you never check anybody out. the people of the usa need to be given the right to check out foreigners starting right now. it's time for all of us to be able to identify foreigners who don't belong here. they need to carry papers and if they have none, ship them all out. it's time that america be for americans. not for all these foreigners who come here for freebies and they are getting freebies in the trillions of dollars because of the laxity of this division. this division is traitorous to america imo. the american people have this agency which is traitorous to american people. they don't look out for our best interests at all. they expose us to loss of trillions of dollars paid for illegal immigrants who don't belong here in the first place. kick them all out back out the southern border.
