**Variable Name:** HPURPOSE1

**Info Pane:**

**What is this survey all about?**

The [Fill: SURVEY\_NAME] collects information on topics such as housing, education, income and jobs. This information was typically collected during the census every ten years. However, the [Fill: SURVEY\_NAME] is an ongoing, monthly survey which can provide more accurate and up-to-date information continuously, not just every ten years.

This means that people who use the data - - businesses for example, or local, state or Federal governments will have more timely information with which to make informed decisions.

You can also visit our WEB site to learn more about the [Fill: SURVEY\_NAME]. The address is:  
[www.census.gov/acs/](http://www.census.gov/acs/)

- 1. Continue
- 2. Back to Reinterview Help Menu

**Skip Instructions:** <1> [return to reinterview]  
<2> [go to HPURPOSE]

**Block:** FAQs

**Variable Name:** HPURPOSE2

**Info Pane:**

**How will this information be used?**

The data from all interviews is summarized so that no one person can be identified. The summary statistics are available on the ACS Web Site. [Fill 1: Federal, state, and local/ Federal, Puerto Rico, and municipio] governments use the data as an information base for planning, administering and evaluating government programs.

Businesses use the data to make informed decisions. For example, a business may look at the education level of the residents of a community to see if that community would have the appropriate workforce for that business.

The housing quality of an area can be assessed from the housing data collected in the [Fill 2: ACS/PRCS]. Using the income data, the poverty level of an area can be determined.

**Skip Instructions:** <1> [return to reinterview]  
<2> [goto H\_PURPOSE]

**Block:** FAQs

**Variable Name:** HPURPOSE3

**Info Pane:**

**How was I selected?**

Your address was randomly selected from a list of residential addresses in your [Fill: county/ municipio].

**Why don't you select someone else?**

Your address was randomly selected from a list of addresses, so we can't substitute anyone else's address for yours. One of the advantages of a random sample is that we can use it to measure the whole population without having to actually interview every household. But in order for it to work, you can't pick and choose -- the sample has to be truly random. Your participation is very important if we're going to be able to produce accurate statistics from this survey.

**Info Pane:**

## IS THIS SURVEY AUTHORIZED BY LAW?

This survey is authorized by Title 13, Section 141, 193, and 221, of the United States Code. The U.S. Census Bureau is required by law to keep your information confidential. The Census Bureau is not permitted to publicly release your responses in a way that could identify this household. Per the Federal Cybersecurity Enhancement Act of 2015, your data are protected from cybersecurity risks through screening of the systems that transmit your data.

## IS THIS SURVEY LEGITIMATE?

The Office of Management and Budget (OMB) oversees all Federal Government surveys. This office gives clearance to conduct a survey by providing an approval number. The approval number must be printed on every questionnaire. In addition, if requested, we must provide the approval number when we call regardless if we reach a business or private address.

If someone calls claiming to be a Census Bureau employee and you are concerned whether or not the survey is legitimate, ask the caller for the OMB approval number. If the caller can't provide the number, that very well could mean the purpose of the call is not legitimate.

The OMB approval number for the [Fill 1: ACS/PRCS] is: 0607-0810.

If the respondent has a copy of the [Fill 2: ACS-1/ACS-1 PR(SP)] questionnaire, read the statement below.

For the [Fill 3: American/Puerto Rico] Community Survey, you can find the approval number on page 1 of the questionnaire in the bottom right corner.

## PRS

### ¿ES ESTA ENCUESTA AUTORIZADA POR LEY?

Esta encuesta está autorizada por las secciones 141, 193, y 221 del título 13 del Código de los Estados Unidos. La Oficina del Censo de los EE. UU. está obligada por ley a mantener confidencial su información. A la Oficina del Censo no se le permite divulgar sus respuestas de manera que este hogar pudiera ser identificado. En conformidad con la Ley para el Fortalecimiento de la Seguridad Cibernética Federal del 2015, sus datos están protegidos contra los riesgos de seguridad cibernética mediante los controles aplicados a los sistemas que transmiten su información.

### ¿ES LEGÍTIMA ESTA ENCUESTA?

La Oficina de Administración y Presupuesto (OMB, por sus siglas en inglés) supervisa todas las encuestas del gobierno federal. Esta oficina aprueba que se lleve a cabo una encuesta al proveer el número de aprobación. El número de aprobación debe estar impreso en cada cuestionario. Además, si se pide, debemos proveer el número de aprobación cuando llamemos sin tener en cuenta si hablamos con un negocio o dirección privada.

Si alguien llame y finge ser un empleado del Negociado del Censo, y usted está preocupado si la encuesta es o no es legítima, pregunta a la persona que llama por el número de aprobación de OMB.

Si la persona que llama no puede proveer el número, esto puede significar que el propósito de la llamada no es legítimo.

El número de aprobación para la Encuesta sobre la Comunidad de Puerto Rico es 0607-0810.

Si el respondedor tiene una copia del cuestionario ACS-1 PR(SP), lea la información a continuación.

Para la Encuesta sobre la Comunidad de Puerto Rico, puede encontrar el número de aprobación en la página 1 del cuestionario en la parte inferior derecha.

1. Proceda con la entrevista

## HOW DO I BENEFIT BY COMPLETING THE ACS?

Communities, states, and federal agencies say they do not have the up-to-date information they need to better understand community issues, respond to needs, and allocate programs and resources. A community leader said, "Guessing is always fun, but seldom effective." The [Fill 1: American/Puerto Rico] Community Survey will provide communities with up-to-date housing and population data every year.

By responding to the [Fill 1: American/Puerto Rico] Community Survey, you are helping your community establish community goals, identify community problems and solutions, locate facilities and programs, and measure the performance of programs.

The [Fill 1: American/Puerto Rico] Community Survey data are used by:

Local governments:

- - for budgeting, evaluating programs, and planning for community development projects.

Community Programs:

- - such as for the elderly, scout programs, libraries, churches, banks, hospitals, and other community organizations, to provide services to the community and to locate buildings, services, and programs.

Transportation planners (using summarized journey-to-work information):

- - to plan for peak volumes of traffic to reduce traffic congestion, plan for parking, and to develop strategies such as car pooling programs and flexible work schedules.
- - to decide where to build new roads or add capacity to existing roads.
- - to develop transit systems such as light rail or subways by projecting rider ship.
- - by businesses, for determining the location of new buildings and services, such as banks selecting sites for ATM machines.

Utility companies

- - to understand their customer bases so they can project future needs. Every time you turn on your water faucet or a light switch in your home, summarized census data are behind the services you receive.
