Single Family/Multifamily Builder/Developer-Select Your Energy Rating Company

A critical step in partnering with ENERGY STAR is to select an Energy Rating Company (e.g., Home Energy Rater or Provider). This organization works with you to ensure that your homes/apartments are properly certified to meet all ENERGY STAR Residential New Construction Program requirements and reported to EPA. The ENERGY STAR website provides information about [Energy Rating Companies](#) and a listing of active Energy Rating Company [partners](#).

In the space below, enter the Energy Rating Company with whom your organization is currently working. We will notify the Energy Rating Company of your selection via email. This selection is not binding. You may change Energy Rating Companies at any time in the future according to your business needs.
