

**Reminder from the U.S. Census Bureau –
Sign up now for the New Construction Program**

The U.S Census Bureau recently invited your tribal government to participate in the 2010 New Construction program. Register now to participate in New Construction if you have not already responded to the New Construction invitation.

The New Construction program provides an opportunity for officials of federally recognized tribal governments to submit a list of city-style addresses for housing units for which basic construction began during or after March 2009 and completion is expected by Census Day, April 1, 2010. The Census Bureau, using the participant supplied addresses, will visit and attempt to enumerate each newly constructed housing unit that has been identified as missing from our list. The accuracy of the address list is critical to the census enumeration. Through participation in the New Construction program, your knowledge can help assure that we achieve complete coverage in our enumeration of your jurisdiction.

Call your Census Bureau Regional Center toll-free at 1-866-511-5822 for more information.
