GENERAL INFORMATION

“General Information About RRA Forms” (Form 7-21INFO) provides basic instructions on using Reclamation Reform Act of 1982 (RRA) forms. Ask your district office for this form each year to keep current. Refer to the definitions at the end of Form 7-21INFO whenever the meaning of a term is not clear to you. Please note, some terms such as “irrigable land,” “irrigation land,” and “irrigation water” have special definitions when used in these forms which differ from their common meaning. Other terms and corresponding definitions that are specific to the RRA forms are:

- **“Land”** or **“acres”** means irrigable and/or irrigation land.
- **“You”** means the farm operator or authorized agent of the farm operator, or, as applicable, the part owner of a farm operator that is a legal entity.
- **“We,” “us,” “our,”** or **“Reclamation”** means the Bureau of Reclamation.
- **“Farm operator”** means an individual or legal entity other than the owner, lessee, or sublessee that performs any portion of the farming operation. This includes farm managers, but does not include spouses, minor children, employees for whom the employer pays social security taxes, or custom service providers.
- **“Custom service provider”** means an individual or legal entity that provides **one** specialized, farm-related service which a farm owner, lessee, sublessee, or farm operator employs for agreed upon payments (e.g., crop dusters, custom harvesters, grain haulers, etc.).

Visit www.usbr.gov/rra for more information.

WHO MUST SUBMIT THIS FORM

You must submit a “Declaration of Farm Operator Information” (Form 7-21FARMOP) if:

- You are a farm operator and you provide services to more than 960 nonexempt acres westwide, held by a single trust or legal entity or any combination of trusts and legal entities; or
- You are a part owner of a legal entity that is a farm operator that must submit RRA forms and the farm operator is providing services to land that you formerly owned as excess and sold or transferred at a price approved by us.

The requirement to submit a Form 7-21FARMOP must be met even if the farm operator is a legal entity that is 100-percent family owned, or is only providing services to landholders that are part owners of the farm operator.

WHERE TO SUBMIT FORMS

You must submit a Form 7-21FARMOP to **each district** in which you provide services westwide. You must submit an original form to one district office and may submit copies to others if you provide services in more than one district.

WHAT LAND TO INCLUDE

You must declare all land to which you and your wholly owned subsidiary(ies) provide(s) services westwide that is:

- subject to the acreage limitation provisions, and
- held in a trust or held by a legal entity,
- land held by individuals and estates is not to be included.

For each parcel, you must provide an accurate legal description or an assessor's parcel number. Be sure to break down land parcels as far as necessary to ensure accurate identification.

ANNUAL DECLARATION

You must submit Form 7-21FARMOP each and every year prior to the delivery of Reclamation irrigation water to the land for which you provide services if you are required to submit this form as specified above. You are not required to submit Form 7-21FARMOP if you are a custom service provider as defined earlier in these instructions.

Farm operators and part owners of farm operators who meet the criteria to submit RRA forms cannot use a "Verification of Landholdings" (Form 7-21VERIFY) to meet any applicable RRA forms submittal requirements.

IF THE LAND YOU PROVIDE SERVICES TO CHANGES

Once you have submitted a Form 7-21FARMOP for the water year, you are **not** required to submit additional Forms 7-21FARMOP during that water year if you should either start providing services to additional lands or cease providing services to certain lands.

FORMERLY EXCESS LAND

If you are a former owner of land now held in trust or by a legal entity, such land is not eligible to receive Reclamation irrigation water if:

- The land was excess when you owned it;
- You sold or transferred the excess land at a price approved by us; and
- You are the direct or indirect farm operator of that land.

This does not apply if you or the landholder pays the full-cost rate for any Reclamation irrigation water delivered to your formerly excess land that is otherwise eligible to receive such water. See 43 CFR 428.9 and 43 CFR 428.10 of the Information Requirements for Certain Farm Operations in Excess of 960 Acres and the Eligibility of Certain Formerly Excess Land for more information.

GENERAL INSTRUCTIONS

Type or print in ink all answers. You must initial and date any crossouts and corrections. You may attach continuation sheets to list information. District name abbreviation(s) used on this

form must be spelled out on the form where the abbreviation is used for the first time, or on a separate sheet attached to this form. Please contact your district office or the appropriate Reclamation office if you have any questions.

Farm Operator Information

This section is to be completed by all farm operators.

1. Enter the farm operator's name. The farm operator's name should be the name of the individual or entity providing the services to the land, unless the farm operator is an entity which is a wholly owned subsidiary of another entity. In that case, the parent entity's name should be given as the operator, and the subsidiary's name should appear on the lines provided in item 13.
2. (a) Check the box that best identifies the farm operator's type. If you check the "Other" box, you must write in your entity's type.
(b) If you checked "Other" in item 2(a), how is your entity taxed by the Internal Revenue Service (check one box: corporation or partnership). Skip this item and proceed to item 3(a) if your entity is a religious or charitable organization that does not meet the RRA section 219 criteria.
3. (a) Enter the farm operator's street address or rural route number, city, state, and ZIP code. An attorney's address, "c/o" address, etc., is not acceptable in place of a street address. Post office box numbers may be used only if no other address exists.
(b) Enter the mailing address if the farm operator's mailing address is different than the street address.
4. (a) Enter the telephone number where questions can be directed.
(b) Enter the name of a contact person at that telephone number.
