Meghan:

Per our conversation, here is the information you requested. The items booklet only contains the demographic items, not the full survey as I thought--much less for you to wade through. The link below takes you to the Bureau's overview of how we are changing surveys to collect the same-sex marriage data.

Let me know if you have any further questions.

Good afternoon,

I would like to obtain a copy of the information collection instrument associated with the Current Population Survey (CPS) Basic Demographic Items, listed in the Federal Register here: <https://federalregister.gov/a/2014-23188>

Thank you for your help,

Meghan Maury
