Designate & Track Handoff Report
Report Form ID: DSF0501

Issue Date: 09/15/2006
Revised: 10/29/2007

Handoff reports must be submitted separately by each facility in the Designate & Track (D&T) system where designated distillate is delivered to and/or received from another facility, separately by trading partner and separately by Tax/Dye/Marker status. This form has quarterly and annual reporting requirements. Each quarter, provide the volume totals of the transactions completed during the quarter. Annually, provide the volume totals of the entire compliance year. In the fourth quarter, both a quarterly (4th quarter) and an annual report must be submitted.

NOTE: Truck Loading Terminals, including multi-use facilities, that, in addition to a truck rack, have refining and/or pass-through activities, must submit this report for all designated distillates received. Volume of taxed or dyed/marked, designated, distillates delivered over the truck rack (leaving D&T) are not reported on this form and are covered by the Designate & Track Total Volume Report (DSF0600). All other volumes of un-taxed/un-dyed/un-marked distillates leaving multi-use facilities and continuing on in D&T must be reported as deliveries.

Reports using this form must be submitted quarterly with due dates of November 30th, February 28th, May 31st, and August 31st.

Paperwork Reduction Act Statement

The public reporting and recordkeeping burden for this collection of information is disclosed in the estimates of the individual report form instructions. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the Director, Collection Strategies Division, U.S. Environmental Protection Agency (2822), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.
