To:FN-OMB-OIRA-Submission <OIRA\_Submission@omb.eop.gov>;

I have been made aware of your intent to reduce regular measurement of marital status as part of the ACS survey. Please don't. This is a vital statistic that is of both current and lasting importance, and cutting it will end up being expensive in ways yet unimagined.

More pointedly: please review your stakeholder input process for making these decisions. The current one is flawed.

Thanks
