Subject: Re:public comment on federal register ineffective program should be closed down

this program for foreign immigrants into the usa should be totally shut down. i am not in favor of any american tax dollars going to this program at any time in any way. i want american jobs for american workers. i will vote for that purpose any time i get the chance to do so. i find these expensive, costlyh programs for foreigners are a direct financial burden on every american citizens and must be handled by people who dont like americans, but hate americ and want to tear it appart. we are bringing into this country far far too many foreigners, with all kinds of conflicts themsleves and the process is destroyhign americaa. we need this entire program shut down. can i make it any clearer to you. i find the people who work in this program are destroyers of america. maybe its all the chinese adminsitators that they have in this dept. that are working for china really, not america? this comment is for the puublic record. we need an investigation of the purpose of this program. it seems to have gone way off any good purpose at all. please receipt. b ker bk1492@aol.com
