public comment on federal register

i am against all use of taxpayer dollars in this program. first of all it is discriminatory and only applies to a small number of specially picked out people to get these grants and [jobs.it](#) appears to be targeted to minority or black organizations and appears to discriminate against white people which is against the constitution for equality. secondly, the cost involved in this program shows no accountability. the fact is the education dept gives out grants to youth and this dept. there is no correlation between these two depts. one or the other of the depts should handle youth, not both departments because neither knows what the other is doing and each one keeps asking for more more more tax dollars. we need to coordinate. this is just like shared services between towns. these federal agencies do not share services they all just look to gouge the american taxpayers for more than the taxpayers can pay and this is bringing about the huge financial debacle that exists in the USA today. we need correlation and consideration and consultation to make sure we know how many programs we have like this with youth, who is doing them and then we need correlation. we cannot keep spending all this money in this totally discriminatory fashion for ever. this comment is for the public record. please receipt. jean public jean [public1@gmail.com](#)

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB
Review and Approval; Comment Request; Youth CareerConnect (YCC) Grant
Program, Extension of Previously Approved Collection

AGENCY: Office of the Assistant Secretary for Policy, Chief Evaluation Office, Department of Labor.

ACTION: Notice of information collection; request for comment.

SUMMARY: The Department of Labor (DOL), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents are properly assessed.

Currently, DOL is soliciting comments concerning the continued collection of data about Youth Career Connect (YCC) [SGA/DFA PY-13-01] grant program. A copy of the proposed Information Collection Request (ICR) can be obtained by contacting the office listed below in the addressee section of this notice.

DATES: Written comments must be submitted to the office listed in the addressee's section below on or before May 7, 2018.

ADDRESSES: You may submit comments by either one of the following methods:

Email: ChiefEvaluationOffice@dol.gov; Mail or Courier: Jessica Lohmann, Chief Evaluation Office, OASP, U.S. Department of Labor, Room S-2312, [200 Constitution Avenue NW., Washington, DC 20210](#).

Instructions: Please submit one copy of your comments by only one method. All submissions received must include the agency name and OMB Control Number identified above for this information collection. Comments, including any personal information provided, become a matter of public record. They will also be summarized and/or included in the request for OMB approval of the information collection request.

FOR FURTHER INFORMATION CONTACT: Jessica Lohmann by email at ChiefEvaluationOffice@dol.gov.

SUPPLEMENTARY INFORMATION:

I. Background: The information collection activities described in this notice will provide participant and grantee data on the YCC program. In spring 2014, the Employment and Training Administration (ETA) in DOL awarded 24 grantees to implement the YCC program, which is designed to provide high school students skill-developing and work-based learning opportunities through partnerships with colleges and employers for jobs in high-demand occupations. DOL requests data collection from YCC grantees for tracking grant progress and oversight of program performance reporting. This reporting structure features standardized individual data collection on program participants in both quarterly performance and narrative formats. The information collection for YCC grantee performance reporting also includes an online Participant Tracking System (PTS) that collects participant-level data.

This document requests approval for an extension of previously approved information collection (OMB Control No. 1291-0002) to continue
