## General Comment

OFCCP should request the contact information of the Federal Contractor's Contracting Officer (KO) / Contracting Officer (Technical) Representative (COR/COTR) and other contract performance management personnel (based on contracting agency). OFCCP and federal contracting agencies must work more closely to ensure contractor compliance under DFAR 52.222-3-27, 35, 36 and EO 11246, Section 503 and VEVRAA. Joint and/or combined effort will result in federal contractors realizing that compliance goes beyond the Statement of Work (SOW) as provided on contract. It will result in the direct involvement of government contracting agencies in ensuring they are enforcing compliance IAW the DFAR.
