Subject: 2009 BEA Application Comments

Good Morning Ms. Harris,

Thank you for inviting comments on the 2009 BEA Application. Wachovia appreciates the streamlining of the 2009 BEA Application. We have no procedural questions at this time. One point of clarification is needed regarding the Certification of Integrally Involved CDFI Partners form. If the Fund is now verifying the registration status of the CDFI Partners, will they alert the Applicant of the Partner's registration status, i.e. whether the registration has been completed or not? Is there a mechanism on the Fund's website that will allow Applicant's to check on their Partner's status? Or will the Applicant still need to consult with its Partners to verify that the registration process in its entirety has been completed?

Thank you again and have a great day.
