THE EARNINGS RECORD

Benefits are computed by giving credit for any earnings, since 1937, that were covered under the Social Security Act. As part of our review, we check the record for accuracy.

The earnings record shows yearly amounts for 1951 through recent years. In the years not shown, no earnings were reported to Social Security. Earnings during 1937 — 1950 are shown as a separate total.

Please compare the earnings amounts to any records you have. Pay particular attention to:

- Years with no earnings
- Years with earnings much higher than the ones before and after them
- Years with earnings much lower than the ones before and after them

If you disagree with any of these earnings, please have your records available at the time of the interview. W2 forms are the best evidence of wages. Tax returns and proof of payment of the taxes are the best evidence of self-employment earnings.
