To Whom It May Concern:

I am writing to register my opposition to changes to LCA Comment Portal: ICR 202005-0350-001. It seems that the new format makes it more difficult and time consuming for the public to submit comments, creating a barrier to participate in the process. I urge you to continue receiving comments without a change to the method.

I appreciate your consideration.

Thank you,

Amanda Miller-Burg
