Office of the Director

TO: Desk Officer for the U.S. Census Bureau  
Office of Information and Regulatory Affairs/OMB

FROM: Victoria Velkoff, Associate Director for Demographic Programs, U.S. Census Bureau

SUBJECT: Request for Approval for Non-Substantive Change: Household Pulse Survey

The Census Bureau is writing to request approval of a Non-Substantive Change to the questions administered on the Household Pulse Survey questionnaire approved on April 19, 2020 (OMB No. 0607-1013). This notice is in keeping with the Census Bureau's commitment to foster transparency in its efforts to produce new, relevant and timely data on the social and economic experiences individuals are having during this period of the Covid-19 pandemic.

The revisions to the Household Pulse Survey questions are designed 1) to ensure clarity in the collection of responses to existing questions; and/or 2) to collect new relevant information.

Refinement to existing questions include in the domains of employment (clearer response options regarding the reasons someone did not work); education (to ensure we were collecting information on teacher-led instructional hours for all K-12 students in the household); and respondent-provided address information (to clarify we are asking for current address).

New questions have been added to the domains of employment/spending (1 new question); food security (1 new question); education (1 new question); and one open-ended question so participants may write in about other experiences they wish to convey.

Please see Attachment NSC-2 for documentation of these changes.

Thank you for your consideration. Please let us know if you have any questions or concerns.
