I own a small wine shop in Grayslake, IL. I sell 50% or more of European wines, beers & spirits. Prices have been rising & I am being effected. Between the virus, the protests, etc. It's been a struggle this year. I want the tariffs lifted, as I deal with smaller importers who can't absorb the price increase. I'm afraid many of them may have to close. The Evil Empires will continue, but us small bussinesses will struggle to remain.
