Hello,

I am writing in regards to the proposed changes regarding the Large Civil Aircraft Dispute.

Our business, and the small businesses we work with in Europe have suffered significant losses as a result of this terrible tax that has nothing to do with our industry. It is time for these tariffs to come to an end, or target a more relevant industry that doesn't wipe out the profits from small, family owned businesses. Enough is enough, this belongs in the corporate realm.

We appreciate your consideration and understanding in this matter, and look forward to you creating positive change for global business.

Thank you,

Duncan
