Comment

This is in reference to the Request for the Office of Management and Budget To Provide Emergency Clearance of a New Collection of Information Titled `Large Civil Aircraft Dispute Portal.

Not only do I oppose any tariffs or increased tariffs on imported European wine, I oppose any change to the commenting apparatus that would make it more difficult for members of the wine trade as well as consumers and supporters to voice their opinions regarding tariff implementation.

Increased tariffs cost more American jobs when importers, distributors, restaurants, retailers, and all businesses connected to keeping them supplied (warehouse, trucking, shipping, logistics, clerical staff, etc) either go out of business or are forced to make cuts.

Please oppose new tariffs and retract the 25% tariffs imposed in 2019!
