General Comment

Commenting on OMB 0938-1054 2021 Requirements for Additional Telehealth reporting.

Thank you for simplifying the overall reporting. However, I am seeking clarification of the drop down list mentioned in the crosswalk document. The technical specifications do not indicate use of a drop down list for this data element. They indicate to utilize the 2 digit specialty code. Is there going to be some sort of drop down list or is it simply reference to using the two digit specialty code.
