General Comment

This proposal is yet another heartless and cruel regulation that will impact people who just need a little help. It will also automatically kick about 265,000 children of the free and reduced lunch program. When I was a single parent, my sons were able to get free or reduced lunches for many years while I worked, went to school and tried to take care of my family. Money was very tight and this little bit of help made a big difference. This sort of help is just enough to let families make ends meet. Do not make these changes to the regulations. Keep them the way they are.
