if a query comes in for verification and there is no match, this agency should be mandated to call the employer and find out more about who the applicant is and if you find no information that shows he has a right to be in this country, this agency should immediately go out and send their agents out to find this person and deport them. they have no right to be in this country. they have fake documents they should not be walking around on our streets.

its time for all illegal immigrants to be back in their own countries. they have no right to be here.
