we dont need employers here to bring in workers for temporary work because they never leave. the fact is the emeployer use this form to bring in foreigners who never leave this country. we want this form shut down. we want foreign employer who have work int he usa to hire usa workers. we have 49 million americans who need a job. we have plenty of very competent workers here who can help out any foreign employers who need help. there is no need for them to bring in foriegn workers. they are plahying us and bringing in spies and terrorirst. they bring in diseases. we dont check them out and they have brought in diseases. its time to shut this down. shut down this program. we need for the imemdiat future to make sure every american has a job. we dont owe a thing to any foreigner or any foreeign employer. they can just adjust to what we reuquire. we are a huge mareket for their sales. they will adjust. stop this horror to americans. we are sick of the fakery that is going on for example with the indian software employers who bring in hordes of indians to take over all our internet and software business.

we are terribly sick of it. i know in tva the us govgt is even firing american workers and going to let infosys bring in indians to do the online work. this is outrageous. absolgtuely outrageous. keep the foreigner out of here. give jobs to americans. this must be done. stop being traitors to american workers. if you cant change this maybe you shoudl be made to see how it feels and you all shoudl be replaced with foreiners. i is absolgtuely disgwting for the us govgt to do this to american roerks.
