it is time we stopped offering this form. i see no reason to offer relief at any time. once the decision is made, that shoud be final. we have endless appeals for foreigners who dont deserve any of them. american citizenry has a system of appeals. i seeno reason at all to give foieigners who are not american citizens to get all kindsof appeals. if they show up to come here, they shoudl be rejected immediately. we have 45 million illegal immigarnts int his country. we have no shared lineage in america anymore. we have been deluged with every nation on earth coming here to change what used to be america. we have nothing lefft of a shared society. we have all knids of dog killers and bullk killers and people with the most primitiive was of living coming here and they dont want to be assimilated they want to come here to change aemericia into what they left. the entire system of leettingin people needs to be shut down tight for a 5 years period. we need to see who is here and kick most of them out. and we need to stop letting in more. we have chaos in ameica right now. total chaos. and the legal ones who spent themoney and 20 years in the system are being bankrupted when our corrupt govt lets others sneak in. one kid brought here osts us half a million dollars to educate. that means there is no money to educate our own kids. we would have monehy to help our ownkids get schooling if we didnt have to pay for every foreign kid who sneaks into this country.why do we choose theres foieign kids over our own american kids. why. why does that maeks ense to anybody why are american citizens screwed these days because that is what is gonig on. we are all screwe for high taxes so that rich corporations and rich faremers can pay foieigners sless. and our own kids cant get jobs. why are we allowoing this scrwing of american citizens. it has become greed to your fellow citiznes. no wonder ther is ire out there. we need to stop scrwing ameicans. we need american tax dollars for american citizen.stop the foreign leaches strolling in here both legalhy and illegaly. just shut it down. let them all go to columbia or argentina or brazil or just some place else. let them go to saudi arabia. it matternowt what does

matter is that we stop letting them show up at our door. if they are in mexico, they can apply to be mexicans. we dont have to open our border at all to these horess. shut the damn door. no more appeals for anybody. dont let anybody in. throw some out.
