this petition shoudl be shut down right now. no more applications should be permitted anymore. if someone from a fofreign coiuntry came here, no more alliowance for them to bring the hordes with them. they mostly lie on who they bring in here mostly bringing in people to work for them at low wages and let them go on public assistance. this is nothing but a con job. americans want this constant flow of so many other ethnicities shut down. we have moire than entough diversity at this time. we dont neeed more. all of gthem should stay in their own country and improve their own country and stopcomng here to become leaches on the us taxpayers. we are up to here with being bankrupted for all the freebies they come here and get on line for. free food at the pantries, free rent and free houses from habitat for humanity, free medical care at our hospitals, why the hell are we bankrupting ourselves for all these giveaways. shut down this entire program. we dont have to do it. we dont need to do it. we have no reason to do it. shut down the damn program entirely. dont fgund it. this program deserves a grade of f minus for its work because it hurts america, it does not help america at all. not one bit. 1/2 millino looking to get on the gravy train.
