My American child age 2 lives in the Philipians and is a member of the eastern Shawnee tribe. The mother cannot visit since the long list for a visitor does not take any account for me as a farther. Me as a American or my rights as a Native American for a Person to enter Tribal lands. My father who is a vetran also zero considerations. And that has caused me lifelong problems due to not being an active father all due to the rules of my rights to a visitor. They all tell me to get married then she Can visit. How unfair. John

Americans have zero right and the issue is so simple do native Americans have a right to 1 visitor ? Eastern Shawnee Tribe of Oklahoma
