they are not even relatives. this fakery has been gonig on for far too long. they bring in workers and call them relatives. we dont need more foreigner here. this needs to be closed down. if they want their relatives, youi can let them leave america and go back to their native country. we dont want any more foreigners here. we have millions upon millions oif far too many foreigners here int he usa. we have more of them than we have americans left it seems like sometimes.

we dont want more foerigners here. they come here to leach onj us. every single kid they bring with them costs us half a milloin dolalrs to educate and give medical care and free rent and free food. we need to stop this imposition on americans who are being bankrupted to pay for all these foreign leaches.

stop the flow of foreigner to this country. no more ilelgals.no more legals.no more visas. shut it all down. we have 49 million american who need jobs. we want jobs for them. we dont want to bring in foreigners to take those jobs and then pay welfare to americans who wonat work.

its time to stop this traitorous act to americans over all these hundreds of programs that allow foreigners to come ion here and rip off america and thenamerican people cant find work bcause some foreigner has the jobs.

this is traitorous to aemrican citizens who deserve to have protection for themselves. yes they desreve protection and they are getting none righ tnow.
