It is my sincere pleasure to write this letter of endorsement on behalf of the Mira Costa site SBDC. We have had the pleasure of working with the since the founding of our small business in 2016. During this time, they have been more than just teachers and instructors, they have been mentors to our team. They have helped us pursue many opportunities that we may have considered out of our reach by providing us the knowledge and instructions needed to participate (e.g. Federal Vector Project and State UC System Program). They have been especially helpful in assisting us with moving through the certification process for our SB and DVBE certifications for the State of California.

The North County team has been professional, knowledgeable, and accessible in all their business dealings. To date, their assistance to our veteran owned business has helped us participate in numerous contracts supporting 17 California government agencies. We look forward to continuing to work with this team as we move to the next level of our growth.

Questions regarding this letter and our support may be addressed by Efrem Venters, CEO Bridgemore Inc.

Sincerely,
Efrem Venters
