The folks at SBDC have provide a special effort in offering me insight and assistance through these uncertain times. I have contacted them numerous times on various subject matters including the EIDL, PPP, possible new avenues for my current business.

It has come to my attention that a new form, 641 is out and I do have a few questions about this form.

1. I read that SBA is asking for information to “meet Congressional and Executive Branch reporting requirements”. This is not clear to me, why will congress need this?
2. What host organizations work with SBA/SBDC?
3. Not sure I understand “waive all claims”?
4. What ways is the SBA & SBDC protecting my personal information?
5. What is the true expectation of receiving all my information and its dissemination?

Overall, I have been happy with the support they have given me.  
thanks for your support, be safe, take care....
