Request for Approval under the "Generic Clearance for the Collection of Routine Customer Feedback" (OMB Control Number: 0920-1050)

Instruction: This form should be completed by the primary contact person from the Program sponsoring the collection.

DETERMINE IF YOUR COLLECTION IS APPROPRIATE FOR THIS GENERIC CLEARANCE MECHANISM:

Instruction: Before completing and submitting this form, determine first if the proposed collection is consistent with the scope of the Collection of Routine Customer Feedback generic clearance mechanism. To determine the appropriateness of using the Collection of Routine Customer Feedback generic clearance mechanism, complete the checklist below.

If you select "yes" to all criteria in Column A, the Collection of Routine Customer Feedback generic clearance mechanism <u>can</u> be used. If you select "yes" to any criterion in Column B, the Collection of Routine Customer Feedback generic clearance mechanism <u>cannot</u> be used.

Column A	Column B

Did you select "Yes" to all criteria in Column A?

If yes, the *Collection of Routine Customer Feedback* generic clearance mechanism may be appropriate for your investigation. You may proceed with this form.

Did you select "Yes" to any criterion in Column B?

If yes, the *Collection of Routine Customer Feedback* generic clearance mechanism is **NOT** appropriate for your investigation. Stop completing this form now.

TITLE OF INFORMATION COLLECTION:

National Authority for Containment of Poliovirus 2020 Poliovirus Containment Webinar Participant Feedback Polling Questions and Survey

PURPOSE:

The purpose of this project is to get information from webinar participants (individuals from facilities with poliovirus materials) regarding the types of poliovirus materials retained, types of work performed with poliovirus materials, and the current containment practices used at their facilities. The survey feedback will be used to support NAC process improvement, program decision making, and to better guide these stakeholders in the implementation of containment measures.

DESCRIPTION OF RESPONDENTS:

TYPE OF COLLECTION: (Check one)

The focus will be to survey approximately 200 individuals representing 50-100 facilities. We anticipate individuals with the following roles may participate in the survey: principal investigator, biosafety officer, management, and laboratory personnel. These facilities are categorized as primarily private (i.e. commercial and academic) and a few federal/state/local public health laboratories.

Instruction: Please sparingly use the Other category	
[] Customer Comment Card/Complaint Form [] Usability Testing (e.g., Website or Software [] Focus Group	[X] Customer Satisfaction Survey [] Small Discussion Group [] Other:
CERTIFICATION:	
I certify the following to be true:	
1. The collection is voluntary.	
2. The collection is low-burden for respondents a	and low-cost for the Federal Government.
3. The collection is non-controversial and does no agencies.	ot raise issues of concern to other federal
4. The results are not intended to be disseminated	d to the public.
5. Information gathered will not be used for the policy decisions.	ourpose of <u>substantially</u> informing <u>influential</u>
Name: <u>Lia Haynes Smith</u>	
To assist review, please provide answers to the fol	llowing question:
Personally Identifiable Information:	

1. Is personally identifiable information (PII) collected? [] Yes [X] No

- 2. If Yes, is the information that will be collected included in records that are subject to the Privacy Act of 1974? [] Yes [] No
- 3. If Applicable, has a System or Records Notice been published? [] Yes [X] No

Gifts or Payments:

Is an incentive (e.g., money or reimbursement of expenses, token of appreciation) provided to participants? [] Yes [X] No

If Yes: Please describe the incentive. If amounts are outside of customary incentives, please also provide a justification

BURDEN HOURS

Category of Respondent	No. of	Participation	Burden
	Respondents	Time	
Private Sector	200	.25 hr	50 hr
Totals	200	.25 hr	50 hr

FEDERAL COST: The estimated annual cost to the Federal government is _\$200____

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:

The selection of your targeted respondents

1. Do you have a customer list or something similar that defines the universe of potential respondents and do you have a sampling plan for selecting from this universe?

[X] Yes [] No

If Yes: Please provide a description of both below (or attach the sampling plan)

The targeted respondents are individuals from facilities with poliovirus materials who will or have participated in a US National Authority for Containment of Poliovirus (NAC) webinar. These individuals provided their email addresses to the NAC. A list of the participant's email addresses will be compiled and held in a CDC-secured environment. The focus will be to survey approximately 200 individuals representing 50-100 facilities. This survey will be launched either during a NAC webinar or following a NAC webinar. Questions related to the webinar topic(s) presented will be launched during the webinar (e.g., questions 8, 9, and 20). Questions requiring a greater awareness of each facility's current biosafety practices will be sent following a NAC webinar (e.g., questions 23, 25, and 27). At least two webinars will take place over the next 12 months (September 2020 to October 2021). The following information will be collected: • Facility name and type • Respondents role within their facility (e.g., investigator, Director, or biosafety officer) • The methods for containment of poliovirus materials currently in inventory. The information will be collected through an electronic survey distributed through CDC/Center

for Preparedness and Response (CPR)/Office of the Director NAC using the Zoom platform (e.g. polling during a webinar) or the RedCAP survey platform (e.g. survey after a webinar). After a webinar, emails will be generated and distributed to webinar participants. The email survey invitation will have a link to a website where the survey can be accessed, completed, and submitted. The survey invitation settings will include two email reminders which will be sent automatically using RedCap. The first reminder will be sent two weeks after the initial invitation reminding the invitees to take the survey. Towards the end of the one-month time period, a final reminder will be sent to those who started but have not completed and submitted the survey, as indicated by RedCap. At the end of the one-month time period, the survey will be closed, and the results compiled.

If No: Please provide a description of how you plan to identify your potential group of respondents and how you will select them or ask them to self-select/volunteer

Administration of the Instrument

request.

1.	How will you collect the information? (Check all that apply)
	[X] Web-based or other forms of Social Media
	[] Telephone
	[] In-person
	[] Mail
	[] Other, Explain
2.	Will interviewers or facilitators be used? [] Yes [X] No

Instructions for completing Request for Approval under the "Generic Clearance for the Collection of Routine Customer Feedback"

TITLE OF INFORMATION COLLECTION: Provide the name of the collection that is the subject of the request. (e.g. Comment card for soliciting feedback on xxxx)

PURPOSE: Provide a concise description of the purpose of this collection and how it will be used. If this is part of a larger study or effort, please include this in your explanation.

DESCRIPTION OF RESPONDENTS: Provide a concise description of the targeted group or groups for this collection of information. These groups must have experience with the program.

TYPE OF COLLECTION: Check one box. If you are requesting approval of other instruments under the generic, you must complete a form for each instrument. The 'Other' category should be used only in the contexts in which the provided categories cannot reasonably apply.

CERTIFICATION: Please read the certification carefully. If you incorrectly certify, the collection will be returned as improperly submitted or it will be disapproved.

Personally Identifiable Information: Provide answers to the questions.

Gifts or Payments: As a general matter, incentives are not appropriate for customer service collections; however, incentives may be appropriate for focus groups or in-depth usability studies, especially when participants must travel to a site to participate. In the latter circumstance, the incentive should include travel costs. Customary incentives for focus groups in the Federal government are \$40 for a one-hour interview and \$75 for a 90-minute focus group. If you answer yes to the question, please describe the incentive and provide a justification for amounts other than those cited above; justifications should be limited to Federal studies of a similar design and subpopulation.

BURDEN HOURS:

Category of Respondents: Identify who you expect the respondents to be in terms of the following categories: (1) Individuals or Households; (2) Private Sector; (3) State, local, or tribal governments; or (4) Federal Government. Only one type of respondent can be selected.

No. of Respondents: Provide an estimate of the Number of respondents.

Participation Time: Provide an estimate of the amount of time required for a respondent to participate (e.g. fill out a survey or participate in a focus group)

Burden: Provide the Annual burden hours: Multiply the Number of responses and the participation time and divide by 60.

FEDERAL COST: Provide an estimate of the annual cost to the Federal government.

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:

The selection of your targeted respondents. Please provide a description of how you plan to identify your potential group of respondents and how you will select them. If the answer is yes, to the first question, you may provide the sampling plan in an attachment.

Administration of the Instrument: Identify how the information will be collected. More than one box may be checked. Indicate whether there will be interviewers (e.g. for surveys) or facilitators (e.g., for focus groups) used.

Please make sure that all instruments, instructions, and scripts are submitted with the request.
