Concerned with the vague language on confidentiality

- What purpose is served by soliciting a small business for other services, how is that an appropriate information collection.
- Who are SBA's agents? This section should allow for a better understanding of what contact is being sought. The information collection should not allow for dissemination beyond the SBDCs.
- How will SBA protect my information to the extent permitted by law? Under the Small Business Act the SBDC is prohibited from sharing my information at all. It would be simpler to not collect my information, as set forth in the law.
