I object to any changes to SBDC's client privacy protections. Under the Small Business Act the SBDC is prohibited from sharing my information at all. It was with this understanding that I provided my contact information and financial information about my business. I enjoy a good working relationship with my SBDC staff who are part of my local business community.

I do not want to be solicited/cold called by SBA or its agents.(Who are these "agents"?) If the SBA wants my information, they can contact me through SBDC, provide a description of the program, ask for my information and obtain my consent.
