

CHAPTER 210

TRANSPORTATION DISCREPANCY REPORT (TDR)

A. GENERAL

1. This chapter prescribes responsibilities and procedures for reporting transportation discrepancies involving commercial carriers and military shippers worldwide. The Services, DLA, and GSA approved these procedures.
2. Purpose: TDRs are created for two purposes:
 - a. To document loss of or damage to government material to support the filing of claims against carriers for Government reimbursement. If a claim is not filed, the Government is not compensated by a carrier for loss/damage, which leaves the Government, and thereby the taxpayer, to pay the bill.
 - b. To document shipper-related discrepancies, e.g., those associated with HAZMAT requiring corrective action.
3. This chapter provides the receiver with rules to:
 - a. Document facts and evidence to claims offices (DFAS) for each of the Services, DLA, DCMA, and the GSA National Customer Service Center to support loss and damage claims against the carrier or contractor to ensure recovery of government funds.
 - b. Provide facts to the SDDC Operations Center and other responsible activities for use in loss and damage prevention.
 - c. Provide proof of transportation discrepancies so changes can be made to financial records, property, and inventory files, and dependent on Service and Agency policy, to the IM who can reissue the lost or damaged material.
4. Report transportation discrepancies involving motor, air, water, rail, and small package commercial carriers. Use the procedures in this chapter for discrepancies involving:
 - a. Astray cargo.
 - b. Shortage.
 - c. Pilferage.
 - d. Theft.
 - e. Damage.
 - f. Vandalism.
 - g. Material overage.

- h. Contract services not provided.
 - i. Non-conformance with HAZMAT shipping requirements.
5. For miscellaneous transportation discrepancies, see Paragraph H.

B. RESPONSIBILITIES

1. The SDDC Operations Center, SDG3-GD-CS will:
 - a. Serve as the DOD TDR Program Manager for the Worldwide Cargo Loss and Damage Prevention Reporting and Analysis System.
 - b. Take necessary measures to determine the effectiveness of and weaknesses in the system and provide recommendations to DOD Components for improvement or corrective action(s).
 - c. Develop and administer the system, as well as the GOCARE Program in coordination with the DOD Components.
 - d. Provide data, analysis, information, and reports to DOD components, DFAS, and GSA to determine trends, changes required for claims prevention, and procedures to reduce loss and damage.
 - e. Assist DOD and GSA components in resolving transportation discrepancies.
 - f. Assure that published regulatory guidance meets the needs of the military and federal agencies involved with the TDR program.
 - g. Provide TOs with timely, adequate training and assistance in the preparation and submission of TDRs and the operation of the GOCARE Program.
 - h. Provide assistance to theater CDR Area Monitoring Offices (AMOs); review and comment on all AMO implementing instructions.
 - i. Monitor TDR actions and initiate investigative or corrective actions affecting CONUS and OCONUS locations assigned to the US Joint Forces Command.
 - j. Input manually prepared TDRs into the ETA system.
 - k. Provide TDR training assistance and advice.
 - l. Monitor the TDR performance of field activities that fail to respond to Request for Information (RFI) tracers; take action to ensure prompt and accurate replies in the future.
 - m. Assist finance centers and claims offices in obtaining shipment and discrepancy information to resolve transportation discrepancies.
2. Theater CDRs will establish an AMO that:
 - a. Monitors TDR actions within its AOR.

- b. Provides training assistance and advice, as required, to ensure compliance with this Regulation.
3. DOD Components (Services/Agencies) will:
- a. Monitor subordinate activities' compliance with the TDR Program.
 - b. Provide assistance IAW this Chapter and Chapters 209 and 211.
 - c. Promote and ensure participation in the TDR Program.
 - d. Provide Service/Agency-related policy guidance to TOs who are responsible for preparing discrepancy reports.
4. TOs and Receiving Officers will:
- a. Take proactive steps to identify potential lost, damaged, or astray cargo. Refer to Chapter 209.
 - b. Document and submit TDRs on all transportation discrepancies in shipments received at their activity, including TDRs on military mobilizations and exercises, IAW TDR reporting standards.
 - c. Respond to RFIs, TDRs, and any other requests for information within established timeframes.
 - d. Provide procedures for discrepancy reporting on shipments received by off-site and tenant activities.
 - e. Ensure procedures for obtaining actual repair cost statements and repair cost estimates are followed as they apply to the activity. (See Chapter 211)
 - f. Investigate and gather facts relating to each shipment discrepancy to support Government claims against the responsible carrier.
 - g. Notify the security and law enforcement elements upon loss of classified/protected material, if loss, pilferage, theft, damage, or vandalism is readily apparent.
 - h. Notify Defense Investigative Service cognizant security office of classified material security violations according to DODM 5220.22-M.
 - i. Furnish documentation to support a contractor's claim against a carrier for FOB destination shipments; use the SF 361, Transportation Discrepancy Report, Figure 210-1, for this purpose.
 - j. Review each TDR before forwarding to the finance center or claims office to ensure that:
 - (1) Carrier responsibility is established and supported with documented evidence.
 - (2) Amount of loss/damage is supported with documented evidence citing the actual expense of repairing or replacing the lost or damaged material. Use estimated repair costs only when repairs will not be made, repairs will be delayed due to lack of parts or

backlog in the repair facility, or the damaged property must be shipped to another facility for repair.

- (3) Items shipped to the repair facility are adequately marked so the repair facility can identify them and maintain separate repair cost records for claim action.
 - (4) Controls are in place to ensure action is taken on correspondence from the finance center or claims office IAW established TDR reporting standards.
 - k. Ensure that transportation discrepancies of less than \$500.00 in value are documented, reported, and settled at the local level.
 - l. For SAP (FMS or Grant Aid) deliveries to overseas destinations, US Military Representatives such as Security Assistance Officers (SAOs) perform the TDR functions of a Receiving Officer. This applies primarily to Grant Aid and DTCs 9 and 7 FMS shipments.
5. CMOs will:
- a. Take proactive steps to identify potential lost, damaged, or astray cargo. Refer to Chapter 209, Paragraph E.
 - b. Ensure prompt, accurate reporting of discrepancies for inbound shipments at contractor plants.
 - c. Respond to TDR RFIs.
 - d. Take corrective action to prevent further discrepancies.
 - e. Investigate each discrepancy and gather facts to support claim actions.
6. Finance Centers/Claims Offices will:
- a. Make final determination of liability and measure of damage.
 - b. File an SF 362, U.S. Government Freight Loss and/or Damage Claim, Figure 210-2, to complete formal claim actions.
 - c. Conduct an investigation and respond to all carrier protests, declinations, and compromise offers pertaining to claims filed by their office.
 - d. Take collection action.
 - e. Handle claims to conclusion, to include furnishing administrative reports to the US General Accounting Office and litigation reports to the US Department of Justice, when required, because of uncollectible debts, carrier bankruptcy debts, or compromise offers of \$20,000 or more.
 - f. Act in an advisory capacity for locally filed claims.
7. Transshipment Activities, Terminal Operations, and CCPs will prepare and distribute initial notifications to the reporting activity, transshipment point, consignor, shipper, consignee, and final destination. (See Figure 210-3, SF 361, Discrepancies Discovered by Other Agencies.)

8. Security Assistance Implementing Agency (IA) centers or commands will advise and assist in-country SAOs regarding TDR submission for DTS-delivered SAP shipments.

C. EXCEPTIONS

This chapter does not apply to:

1. Reporting, IAW Chapter 207, e.g., carrier equipment that cannot meet the safety requirements for moving HAZMAT.
2. Reporting, adjusting, and accounting for supply (item) discrepancies; preservation, packaging, packing, and supply item identification marking; lost or damaged parcel post shipments; or Presidential Determination shipments under the International Logistics Program. Report these discrepancies on an SF 364, Report of Discrepancy (Supply Discrepancy Report), Figure 210-4. (See: <http://www.supply.dla.mil/PDFs/sf%20364.pdf>)
3. Reporting discrepancies under the GSA Government Purchase Card or the GSA SmartPay Purchase Card.
 - a. GSA Government Purchase Card: If a discrepancy occurs on a shipment paid for under the GSA Government Purchase Card program, cardholders must contact the material vendor to resolve the discrepancy IAW GSA procedures. If billing adjustments do not show up in next month's bill, a dispute form (Form CSQICPPPUR, Cardholder Statement of Questioned Item) will be completed and mailed to the bank representing the GSA Government Purchase Card. Obtain the form from the bank by calling toll-free 888 994-6722.
 - b. GSA SmartPay Purchase Card: If a discrepancy occurs on an order and/or shipment paid for under the purchase card program, the cardholder must contact the responsible vendor/carrier to resolve the discrepancy.
4. Loss and damage to personal property, unless that loss and damage happened to be property consigned to transshipment activities for movement overseas or the discrepancies resulted from movements by AMC or by MSC.
5. Shipments of bulk petroleum via all modes, e.g., tanker, pipeline. (See DODM 4140.25-M, DOD Management of Bulk Petroleum Products, Natural Gas, and Coal, Volume II, Chapter 5, at: <http://www.dla.mil/dlaps/dod/414025m.htm> for SF 361 requirements.)
6. FMS Shipments.
 - a. TDR procedures apply to any SAP shipment made within the DTS. This includes FMS program shipments to overseas destinations and PODs (DTCs 7, 9, G, and J), to DOD CONUS POEs (DTCs 8, B, and C) and to DOD/US Government (USG) CONUS-located activities and contractors (DTC 2). TDRs for overseas deliveries will be submitted by DOD POD personnel (if any) or by US Military Representatives assigned to the Customer Country, e.g., SAOs. TDRs for shipments arriving at CONUS POEs with discrepancies will be submitted by CONUS port personnel. Discrepancies for shipments sent to CONUS-located DOD/USG locations will be submitted by receiving personnel.

- b. TDR procedures do not apply to FMS materiel shipped to non-DOD consignees within the CONUS; e.g., FMS freight forwarders, Customer Country embassies, or carrier facilities identified in NOA responses. However, different policies and procedures apply to prepaid shipments (DTCs 5 and H) and non-prepaid shipments (DTCs 4 and E).
 - (1) Prepaid shipments to these destinations, regardless of the funding source, involve a contractual relationship between a DOD/USG shipping activity and the inland CONUS carrier. The consignee cannot submit claims or tracing requests directly to the carrier. As non-DOD/USG entities, they cannot submit TDRs. For these reasons, the freight forwarder or the Country Representative will report these discrepancies to the DOD shipping activity with a letter or memorandum. The shipping activity will use these reports to initiate tracers or damage claims with the inland CONUS carrier. The proceeds from claims will be forwarded to the Customer Country's account held at DFAS-Denver.
 - (2) Non-prepaid shipments can either be picked up at a CONUS shipping activity by freight forwarder/Customer Country-arranged transportation or they may be released by the shipper to the freight forwarder under a Collect Commercial Bill of Lading. In either case, all requests for tracing actions or claims for damages must be submitted to the carrier by the consignee. The shipping activity will not involve itself with the carrier in these actions.
 - c. Non-transportation discrepancies will be reported under SDR procedures. Customer Countries report these discrepancies on a SF 364. See DLAI 4140.55, AR 735.11-2, SECNAVINST 4355.18A, AFJAM 23-215, for SDR procedures at:
<http://www.dlaps.hq.dla.mil/dlai/i4140.55.htm>.
- 7. Overages and shortages on single consignee SEAVANs or containers that were loaded at the supply source and were unstuffed by the cargo consignee with original seals intact. Report these overages and shortages on a SF 364. Transshipment points (CCP, ports, and BBP) are not supply sources for purposes of this exception.
 - 8. Dunnage and lashing gear, e.g., lumber and wood products, wire, wire rope, turnbuckles, clips, chains (other than those items identified as recoverable according to current individual Service policy and procedures), used to fasten cargo to prevent shifting during transportation.
 - 9. Discrepancies that occur in the movement of material to or from on-station sites or satellite activities using equipment assigned to a government activity, vendor, or contractor operation.

D. REPORTING PROCEDURES

- 1. To report a discrepancy:
 - a. The consignee will:
 - (1) Prepare an Advisory Action RFI message for classified or protected shipments within 24 hours from the date the discrepancy was discovered.
 - (2) Provide a copy of an RFI to the carrier within seven calendar days from the date the discrepancy was discovered for a non-classified/non-protected shipment. US Military Representatives serving as SAOs in Recipient Countries receiving SAP materiel via the

DTS will submit all RFIs and TDR packages directly to the SDDC Operations Center indicated in Paragraph I.1. below.

- (3) Prepare, document, and submit a TDR for loss and/or damage claim action to the finance center/claims office. See Paragraph D.1.a.(2) above.
- (4) Report astray freight recoveries using the guidelines in Chapter 209.
- (5) Obtain a billing adjustment/credit. A copy of the SF 361 will be sent to the ICP, e.g., Defense Supply Center. The completed TDR must be provided to the ICP to receive repair and disposition instructions. Customers must request credit within nine months of receipt or expected receipt of the materiel. Routing Identification Code, which identifies the Defense Supply Center where the materiel originated, is found at positions 67-69 of the DD 1348-1A. (See Figure 202-7) Make the request for credit in the "REMARKS" section, Block 30 of the SF 361. Deposit credit in the account of the requisition originator. Provisions of this subparagraph do not apply to FMS shipments because of title/ownership transfer.

b. Activities other than the consignee will:

- (1) Prepare an initial notification SF 361 by completing Block 1 and Blocks 4 through 31. (Appendix I provides instructions for completion of the SF 361.) Block 30 will contain the probable responsible party for the discrepancy, e.g., carrier, transshipment activity.
- (2) Distribute the completed SF 361. Forward original, with enclosed supporting documents, to the consignee within seven calendar days of identifying the discrepancy.
- (3) Maintain a file copy.
- (4) Forward one copy to the carrier explaining that the carrier's response will be sent to the consignee identified in Block 6 of the TDR.
- (5) Send a copy to the AMO for OCONUS activities.
- (6) Report astray cargo using the guidelines in Chapter 209.

2. Timeframes for submitting TDRs are as indicated in Table 210-1.

3. Time Limitations for Filing Claims. 41 CFR 101-40.709 states, "Government agencies shall take prompt action to recover amounts due the United States as a result of discrepancies in delivery, in accordance with time limitations established by the bill of lading or other contracts of carriage, or by statute." The time limit is based on the mode of transportation used and, therefore, TOs may find it necessary to step up reporting and investigation of discrepancies in shipment. TOs will use Table 210-2, Time Limit to File Claim, to determine if there is a reduced time line for submission of a TDR for claim action.

4. TDR reporting requirements for claim action:

- a. Report all discrepancies in DOD shipments valued at \$500 or more (for reporting miscellaneous transportation discrepancies that do not result in a claim, refer to Paragraph H.)

- b. Report all classified, protected, HAZMAT, and SAP shipment discrepancies regardless of value.
 - c. Shipments valued at under \$100.00 do not require claims action, except classified and protected shipments.
 - d. When a response to an RFI indicates the actual value of the discrepancy is \$499.99 or less, TDRs may be processed at the local level and locally established claims procedures will be used. (See Chapter 211 on how to determine the cost of a transportation discrepancy.) If the carrier declines the claim at the local level, forward the claim with the SF 361 and all supporting documentation for assistance by the finance center or claims office. Digital photographs are acceptable. Provisions of this paragraph do not apply to SAP shipments.
 - e. Forward all TDRs valued at \$500 or more to the finance center or claims office for claim action. If the property value is \$499.99 or less and the claim cannot be settled at the local level, or there is a question of proper law or disposition, forward the claim to the finance center or claims office for action. Proceeds obtained for FMS Program shipment discrepancies will be forwarded to the Customer Country's account at the DFAS in Denver, Colorado.
 - (1) Claims settlement: Upon receipt of settlement from the carrier, submit the settlement (claims) check to the finance office or Service or Agency designated location using the DD Form 1131, Cash Collection Voucher, Figure 210-5.
 - (2) Funds credit: 10 USC §2636, Deductions from Amounts Due Carriers, requires that deductions from carriers because of loss or damage to material in transit requires all monies collected from carriers for loss and damage claims be credited to the fund or appropriation from which the same or similar material will be purchased. For damages, funds may be returned to the account from which repair costs are paid. If the original purchase was made using industrial operating funds/stock funds, any monies recovered can be credited to that fund at any time. If the original purchase was made using appropriated funds, recovered monies can only be returned to that appropriation as long as it is still active; after the appropriation has expired, recovered funds must be returned to the General Treasury.
 - f. GSA does not require reporting of discrepancies of a certain value, nor does GSA impose a minimum amount for processing discrepancies. GSA bills at the time of shipment and leaves it to the discretion of the Agencies to determine when recovery of their funds warrants the effort of processing a discrepancy report and claim.
5. Changing or canceling the TDR. Use the original copy of the SF 361 as follows:
- a. To change a TDR, write the word "REVISED" on the front, top, and bottom of the form; draw a line through the old information and legibly print the corrected information. In Block 30, state the reason for the TDR change. Sign and date the change notation, and forward to the original addressees.
 - b. To cancel a TDR, write the word "CANCELLED" on the top and bottom of the form. In Block 30 or Block 43, type the reason for cancellation. Sign and date the cancelled notation and forward to the original addressees.

E. DOCUMENTS AND THEIR USE

1. Use the SF 361 to:
 - a. Report discrepancies for AMC and contract carrier discrepancies by sending the original TDR to the last AMC aerial port that handled the freight; do not send the TDR to a finance center. Provide an information copy to:

HQ, Air Mobility Command
ATTN: A43
402 Scott Drive. Unit 2A2
Scott AFB, IL 62225-5302
 - b. Issue an RFI to the carrier for every documented transportation discrepancy.
 - c. Request information (from any source) to resolve a discrepancy, e.g., request pricing data from shipping activity or ICP.
 - d. Reply to an RFI.
 - e. Change or cancel a previously issued TDR.
 - f. Request disposition instructions from the IM and request credit.
 - g. Support claims against carriers and contractors.
2. When a sealift carrier is suspected or known to be responsible for a loss or damage, follow the procedures in Paragraph G, below.

F. REPORTING REQUIREMENTS

1. When a shipment discrepancy is identified, the actions taken differ depending on the type of discrepancy, value of the material discrepancy, and the activity finding the discrepancy. Discrepancies in classified or protected material, as well as AA&E shipments (regardless of classification), require reporting procedures that are slightly different from other cargo shipments. TDRs are important for SAP shipments because they provide needed documentation for Customer Countries to submit insurance claims. This is over and above proceeds obtained from carriers. Not all countries, however, purchase insurance.
2. Advisory Action and RFI.
 - a. Classified or Protected Shipments and all Shipments of AA&E. If a discrepancy is found in a classified, protected, or AA&E shipment, notify the nearest TO by telephone upon discovery. This includes ocean and air shipments and is in addition to the ocean cargo out-turn reporting requirements in Paragraph G.
 - (1) The TO or designated agent notifies the carrier or contractor and the local security office and records the name(s) and position(s) of all individuals contacted.

- (2) Regardless of the value of the shipment, within 24 hours after the discovery of a discrepancy, the TO must notify the addressees listed in Paragraph I by message. When a theft or loss of narcotics or controlled substances is involved, forward a copy to:

Drug Enforcement Administration
Office of Diversion
Washington, D.C. 20537-5000

- (3) The Sample Joint Message Form, Figure 210-6, is prepared with line numbers corresponding to Blocks 1 through 31 of the SF 361. (See Appendix I, Paragraph A, for explanation of blocks.) Block 30 is used if more information is needed or if a particular addressee is to take action.

- (4) Distribution of the RFI Advisory Message:

(a) Consignor. If shipped by a non-DOD agency, send to the government activity that directed the shipment (except GSA, see Paragraph J.) If shipped by a contractor, send to the CMO TO.

(b) Consignee. If the discrepancy is discovered in transit.

(c) SDDC Operations Center or theater CDR.

SDDC Operations Center
ATTN: SDG3-GD-CS
661 Sheppard Place, Second Floor
Fort Eustis, VA 23604-1644

Commercial: 757 878-8622; DSN: 826-8622
FAX: Commercial: 757 878-7994; DSN: 826-7994
e-mail address: mainorp@sddc.army.mil

(d) If OCONUS, send additional copy to the AMO.

(e) IM, as shown in Paragraph I.

- (5) If an activity other than the consignee discovers the discrepancy, the consignee is ultimately responsible for the TDR preparation. The activity that discovers the discrepancy must prepare an initial notification TDR and include a statement in the Remarks section or Block 30 of the Advisory or RFI message requesting all action responses to the consignee in Block 4.
- (6) Classified or protected cargo will not be released to the carrier or any unauthorized personnel for repair or salvage. Property that is designated SECRET or CONFIDENTIAL and narcotic preparations will not be released to the carrier regardless of the extent of damage.
- (7) Responding to the Advisory or RFI Message. All action addressees must answer the Advisory or RFI Message within seven calendar days of the date the discrepancy was reported on a classified or protected shipment. Even if an action addressee has no information concerning the discrepancy, a negative reply is required. After all the

answers are received, the consignee attempts to resolve the discrepancy and follows the procedures outlined in Paragraph F.2.f. In many instances, shortages are resolved by checking supply and inventory records. (See Figure 210-6, Sample Joint Message Form.)

- (8) Unanswered Advisory or RFI TDR. If a response is not received by the close of business on the seventh day, the TO sends a “Non-response” TDR to remind action addressees that a reply is mandatory. The subject of the TDR will be “RFI Follow-up” and the body of the message states: “Answer not received by required deadline.” The consignee sends a copy of this tracer to the SDDC Operations Center if the action addressee is located in CONUS or to the AMO if the action addressee is OCONUS. For Air Force RFIs, send a copy to the major command of the consignee. The consignee does not wait for a reply to the late notice, but continues with actions required at Paragraph F.2.f.
- (9) Resolved Advisory or RFI TDR. If the discrepancy is resolved within 30 calendar days from the date it was discovered, cancel the Advisory and RFI message. Send the message canceling the TDR to each addressee that received the original message reporting the discrepancy.
- (10) Unresolved Advisory and RFI TDR. If the discrepancy is not resolved, the consignee will issue a SF 361, regardless of the cost of the discrepancy, no later than 30 calendar days after the discrepancy was discovered for claim action against the carrier.
- (11) Assembling the TDR Package. The SF 361 is the source document for claim action against the carrier and, depending on the Service or Agency policy, for the IM to reissue material, issue credits, or provide disposition and repair instructions. These actions will be successful if the TDR is supported with documented facts and firm evidence that establish carrier liability and the actual amount of the government’s loss. Paragraph F.2.h. lists the documents required to support the TDR for claim action.
- (12) Forwarding the TDR Package. The procedures for forwarding a TDR package depend on which party is at fault and whether claim action is necessary. Distribution follows:
 - (a) Forward one copy, without attachments, to the consignor.

NOTE: SAOs submitting TDR packages for SAP shipments will usually not send this copy.
 - (b) Maintain one copy of the TDR package.
 - (c) Send one copy of the TDR, without attachments, to the SDDC Operations Center.

NOTE: TDR packages for SAP will include attachments with the SDDC Operations Center copy.
 - (d) For SAP TDRs, send one copy of the TDR, without attachments, to the Security Assistance Agency that administers the SAP for the DOD IA that generated the shipments involved.
- (13) Guidance for completing the SF 361. The consignee will complete Blocks 1 through 33 of the SF 361. Most of the information needed to fill out the SF 361 is available from

the Advisory or RFI TDR. In addition, complete Blocks 34 through 45 (Part II of the SF 361) for claim action against the carrier. Carrier claims will be filed by the finance center or claim office whose fund cite is annotated on the Appropriation Chargeable (Block 24) of the BL. Contractor claims will be filed by the Government activity that administers the contract. Information contained in Part II of the SF 361 will not be disclosed to the carrier or contractor. (See Figure 210-1.)

(a) If OCONUS, forward one copy of the SF 361, without attachments, to the AMO.

(b) Distribute other copies as required by the Service or Agency identified in Paragraph I.

b. Non-Classified or Non-Protected Shipments. When a commercial carrier delivers a shipment and pilferage, theft, damage, or vandalism is apparent, the consignee must notify the carrier by telephone and request that the carrier inspect the shipment within seven calendar days from the date the discrepancy was discovered. If the carrier waives inspection, record the person's full name, title, and date of the waiver. When a carrier waives inspection, the government must perform an inspection to determine the extent and cause of the damage. If a military vehicle delivered the shipment, the same inspection procedures are required.

(1) An RFI must be issued for each transportation discrepancy. Whether the consignee discovers a discrepancy in a shipment or is notified that such a discrepancy was discovered by another activity, the consignee must use the SF 361, marked RFI, to notify all interested parties and gather information. (See Figure 210-7, Request for Information)

(2) Describe the specific information required in Block 30. The information gathered will aid in the resolution of the discrepancy or provide the necessary data for the completion of a TDR package, which will be the basis for a claim. (See Figure 210-8, Source Document for Claims)

(3) Do not enter the pre-shipment value of the item or the cost of repairs (Block 29) of the SF 361 on the copy of the RFI that is provided to the carrier. (See Figure 210-7.)

(4) If the consignee receives an Initial Notification SF 361 from another activity, the shipment will be checked for additional discrepancies.

(a) The consignee will file any Initial Notification SF 361 received from another activity with a copy of the consignee-prepared RFI, to be retained as evidence in the event that the discrepancy is not resolved.

(b) The consignee must initiate an SF 361, checking the Request For Information (RFI) Block, showing the addresses in Blocks 3 and 4 and copying the rest of the information from the Initial Notification SF 361.

(c) Send the RFI to any parties that may have information to help resolve the discrepancy.

1 Always notify the carrier in writing (carrier copy of the RFI) of any discrepancy. Do this within seven calendar days after the discrepancy is found,

or when a reasonable delivery time has passed and none of the shipment has been delivered.

- 2 Send the RFI to the consignor for pricing information for the discrepancy when it is not available.
 - 3 Forward a copy of the RFI to any other activity from which information is being requested in Block 30 of the TDR.
 - 4 Send the RFI to the TO at the CMO if the shipper is a DOD contractor.
 - 5 Send a copy to the AMO for OCONUS.
 - 6 File the original SF 361 RFI in a suspense file for 30 calendar days to give the carrier and other action offices time to investigate and resolve the discrepancy. Do not send a copy of the SF 361 RFI to the finance center or claims office. During this time, the reporting activity will be collecting supporting documentation for the TDR package. The 30 calendar days are counted from the date the discrepancy was discovered.
- c. Unanswered SF 361 RFI. If answers are not received by the close of business on the eighth day for a non-classified/non-protected shipment, the TO sends a “Non-Response” TDR to remind action addressees that a reply is mandatory. The subject of the TDR will be “RFI Follow-up” and in Box 30 of the TDR, insert: “Answer not received by required deadline.” The consignee sends a copy of this tracer to the SDDC Operations Center if the action addressee is located in CONUS; if the action addressee is located outside CONUS, a copy is sent to the AMO. For Air Force RFIs, send a copy to the major command of the consignee and non-respondent.
- d. Actions for Resolved and Unresolved Discrepancies.
- (1) Resolved discrepancies. If the discrepancy is resolved within 30 calendar days from the date it is discovered, the TDR SF 361 is canceled as indicated in Paragraph D.4.b. Send a copy of the TDR SF 361 to the carrier and all activities that received a copy of the RFI.
 - (2) Unresolved discrepancies. If the discrepancy is not resolved within 30 days from the date the discrepancy was discovered, initiate claim action. For claims valued at \$500 or more, send the SF 361 with supporting documentation to the claims office. For claims valued at less than \$500, locally established claims procedures will be used.
- e. Guidance for Completing the TDR (SF 361):
- (1) The consignee will check the “RFI” square only when the SF 361 is being used exclusively to request additional information to resolve the discrepancy or support the freight claim.
 - (2) Check the “Initial Notification” square only when the SF 361 preparer is other than the consignee and is being used exclusively to notify the ultimate consignee.

- (3) Check the “Miscellaneous Problems” block when the SF 361 is being used exclusively for discrepancies pertaining to Paragraph H.
 - (4) If evidence indicates that AMC is responsible for the discrepancy, complete only Blocks 1 through 28, and 30 through 31. Data for Blocks 10, 14, 17 and 19 may not be available.
 - (5) Most of the information needed to fill out the SF 361 is available from the Initial Notification or the RFI. Part II of the SF 361 (Blocks 34 through 45) will be completed by the consignee and will be used as supporting documentation for formal claims filed with the carrier or contractor. Information contained in this part will not be disclosed to the carrier or contractor. Carrier claim will be filed by the finance centers or claim offices whose fund cite is annotated in the Appropriation Chargeable Block of the BL (see Paragraph I.). Contractor claim will be filed by the government activity that administers the contract for FOB Destination shipments. Do not disclose the information contained in Part II of the SF 361 to the carrier or contractor.
- f. Instructions for Completing a TDR Document are shown in Table 210-3.
 - g. Assembling the TDR Package. The SF 361 is the source document for claim action against the carrier and, dependent on Service or Agency policy, for the IM to reissue material, issue credit or provide disposition instructions for astray freight and repair of damaged DOD shipments. These actions will be successful if the TDR is supported with documented facts and firm evidence that establish carrier liability and the actual amount of the government loss. Paragraph F.2.h. (below) lists documents required to support the TDR for claim action. The SF 361, with all supporting documentary evidence, is called the TDR package. If evidence indicates that AMC is responsible for the discrepancy, supporting documents are not required.
 - h. Supporting Documents. Table 210-4 lists supporting documents that are required for development of the TDR package for filing with claims adjudication:
 - i. Forwarding the TDR Package.
 - (1) The procedures for forwarding a TDR package depend on which party is at fault and whether claim action is necessary.
 - (a) If a sealift carrier is at fault, the TDR package is forwarded according to procedures in Paragraph G.
 - (b) When a contractor uses a BL and the shipment was moved under FOB Destination terms, forward the TDR package for claim action to the responsible CMO.
 - (c) If a non-DOD Agency made the shipment, send the TDR package to the Government activity that directed or arranged for the shipment (except GSA). (See Paragraph I.3.h.)
 - (d) If the shipment is personal property, send a copy to the final consignee marked “For member/employee to give to the proper claims office when filing their claim.”

- (e) If no claim action against a carrier is indicated, e.g., DOD shipper responsibility (seals are intact for shortage, overage shipments, or astray freight), forward the SF 361 with supporting documentation to the SDDC Operations Center.
- (f) If evidence indicates that AMC is responsible for the discrepancy, do not send the TDR to the finance center or claims office. However, it is important to file these TDRs to enable monitoring and evaluation of contract and carrier performance.
- (g) If a claim against the carrier is intended, forward the TDR package to the finance center or claims office. (See Paragraph I.3.)
- j. The following distribution applies to all conditions listed above:
 - (1) Forward one copy, without attachments, to the consignor.
 - (2) Maintain one copy with attachments for consignee file.
 - (3) Forward one copy, without attachments, to the SDDC Operations Center.
- k. If OCONUS, forward one copy of the SF 361, without attachments, to the AMO.
- l. Distribute copies, as required, to the Service or Agency listing in Paragraph I.3.

G. CARGO OUTTURN REPORTING SYSTEM (CORS)

The CORS reports discrepancies when a sealift carrier (or agent) is suspected or known to be at fault.

1. Consignees will:
 - a. Prepare the TDR package. If the discrepant item is a POV, use a DD Form 788, Figure 210-10; DD Form 788-1, Figure 210-11; or DD Form 788-2, Figure 210-12, or comparable commercial carrier form that arrived with the vehicle. If the discrepant item is general cargo, regardless of classification, use the SF 361. Do not use the SF 361 for a POV unless a DD Form 788 series form is not available or is not adequate to describe the discrepancy. Ensure that "Vessel (Voyage Number)" Block of the DD Form 788 is legibly annotated, and that Blocks 2-6 of "Inspection" portion of form are completed. This will expedite the claims process. (See Figure 210-13, Sample of completed DD Form 470, Cargo Out-Turn Report)
 - b. Send the original TDR or DD Form 788 series package to the POD within seven calendar days from the time the discrepancy was discovered for classified or protected shipments, or within 15 calendar days for non-classified or non-protected shipments. If the POD mailing address is not known, obtain assistance from the AMO. Express small package carrier service may be used, if necessary, to meet reporting timeframes.
 - c. Maintain one complete copy of the TDR or DD Form 788 series package for the official file.
 - d. Send one copy of each SF 361 without attachments, to:
 - (1) GFM/ETA database, where capability exists;
 - (2) SDDC Operations Center, where GFM/ETA is not available;

- (3) If overseas, to the AMO.
 - e. Send any other copies as required by the sponsoring Service or Agency (see Paragraph I.)
 - f. If the discrepancy is resolved, follow the procedures outlined in Paragraph D.4.b. to cancel the TDR.
2. POD will:
- a. Combine, by voyage number, all TDR and DD Form 788 series packages received.
 - b. Prepare a Cargo-Out-Turn Report (DD Form 470) for each voyage, as shown in Figure 210-13; use the DD Form 470 as a cover sheet for the attached TDR and DD Form 788 series packages. DD Form 470 is initiated by ocean terminals to consolidate individual TDRs when an ocean carrier is at fault.
 - c. Send the DD Form 470, with attached TDR and DD Form 788 series packages to the POE within 20 calendar days after discharge of the cargo for classified or protected shipments, or within 35 calendar days for non-classified or non-protected shipments. Express small package carrier service may be used, if necessary, to meet reporting timeframes.
3. POE will:
- a. Act on DD Form 470 packages received within 30 calendar days after the discharge of the cargo for classified or protected shipments or within 45 calendar days for non-classified or non-protected shipments. Express small package carrier service may be used to meet reporting timeframes.
 - (1) If only one DD Form 470 package is received for a single voyage, review for completeness and add any necessary information or documentation not previously included. Send the package to the SDDC Operations Center for final review.
 - (2) If more than one DD Form 470 package is received for a single voyage, review each for completeness and add any necessary information or documentation not previously included. Consolidate all packages using a new DD Form 470 as a summary sheet for the total package. Complete Blocks 1, 2, 3, and 12 of the consolidated DD Form 470; sign and date. Enter the number of DD Forms 470 contained in the new consolidated package in Block 12. Send the complete package to the SDDC Operations Center for final review.
4. The SDDC Operations Center will:
- a. Review all DD Form 470 packages received.
 - b. Return any incomplete packages to the POE for additional documentation.
 - c. Process complete packages for claim action. Table 210-5 lists the documents that will be included in DD Form 470 package:

H. MISCELLANEOUS TRANSPORTATION DISCREPANCIES

1. These discrepancies cause problems for the TO, in-checker, inspector, and others involved in timely, proper movement of cargo. However, because they do not show a direct cost to the Government, they usually will not result in a claim against a carrier or contractor. Reporting these discrepancies on a TDR provides data to the loss and damage prevention program. The following discrepancies will be reported under the TDR process:
 - a. Broken, missing, or improper seals used on a shipment.
 - b. Improper loading, stowing, handling, blocking, or bracing of shipment.
 - c. Improper blocking, bracing, placarding or labeling of HAZMAT shipment.
 - d. Improper description of HAZMAT shipment.
 - e. Improper, incomplete, or missing dangerous goods declaration.
 - f. TFG/related publications not followed.
 - g. Improper marking or missing label(s).
 - h. REPSHIP message not received within 24 hours prior to receipt of shipment.
 - i. Shipper failed to show number of containers shipped on a pallet.
 - j. Shipper failed to send an advance copy of the BL.
2. Reporting of Discrepancies. Prepare the SF 361 by completing Blocks 1 through 28, and 30 through 31 with all available information. Appendix I, Paragraph B, explains how to fill out a SF 361; for the GFM ETA-generated TDR, Appendix I, Paragraph J, provides instructions for preparing the SF 361. In Block 30, indicate the probable party responsible for the discrepancy, e.g., shipper, packer, carrier, etc., within seven calendar days after the discrepancy was noted. (See Figure 210-14, Sample TDR, Miscellaneous Problems.) Make the following distribution:
 - a. Send the original SF 361 to the SDDC Operations Center and maintain a file copy.
 - b. Send one copy of the SF 361 to the consignor.
 - c. Send a copy to the Government Agency that directed or arranged for the shipment if the shipper was a non-DOD Agency.
 - d. Send a copy to the TO at the CMO (except GSA), if the shipper was a contractor.
 - e. Send one copy to the finance center/claim office for recovery of transportation charges for carrier service failures.
 - f. For overseas activities, send a copy to the consignor's AMO.

I. TDR DISTRIBUTION AND ADDRESSES

The following paragraphs contain addresses and distribution information for the SDDC Operations Center, AMOs, Services, Agencies, IMs, Finance Centers, and Claims Offices:

1. SDDC Operations Center:

SDDC Operations Center
ATTN: SDG3-GD-CS
661 Sheppard Place, Second Floor
Ft. Eustis, VA 23604-1644

Commercial: 757 878-8622; DSN: 826-8622
FAX: Commercial 757 878-7994; DSN: 826-7994
E-mail address: mainorp@sddc.army.mil
Message address: CDRSDDC OPSCTR FT EUSTIS VA//SDG3-GD-CS//

2. OCONUS AMOs.

a. US Joint Forces Command.

(1) All Services, except Air Force:

SDDC Operations Center
ATTN: SDG3-GD-CS
661 Sheppard Place, Second Floor
Ft. Eustis, VA 23604-1644

Commercial: 757 878-8622; DSN: 826-8622
FAX: Commercial: 757 878-7994; DSN: 826-7994
E-mail address: mainorp@sddc.army.mil
Message address: CDRSDDC OPSCTR FT EUSTIS VA//SDG3-GD-CS//

(2) Air Force:

US Central Command Air Forces (USCENTAF)
ATTN: LGTT
524 Shaw Drive, Suite 132
Shaw AFB, SC 29152-5029

Commercial: 803 895-4408; DSN: 965-4408
E-mail address: a4.lgtt@shaw.af.mil
Message address: USCENTAF//A4-LGT//SHAW AFB SC

b. United States European Command.

- (1) ECJ4-SDDC, HQ USEUCOM
ATTN: 1CTD, UNIT 30400
P. O. Box 1000
APO AE 09128

Message address: DIR ITTD SDDC EUROPE VAIHINGEN GE//MTEEU-ITT-I//

- (2) Headquarters, United States Air Force Europe (USAFE)
HQ USAFE/LGTT
Unit 3050, Box 105
APO AE 09094-0105

E-mail address: USAFE.LGTT@ramstein.af.mil
Commercial: 011-49-6371-47-6327
DSN: 314-480-6327
Message address: HQ USAFE RAMSTEIN AB GE//LGTT//

c. United States Pacific Command.

- (1) Army:

Commander, US Army Pacific
ATTN: APLG
Ft. Shafter, HI 96858

Message address: CDRUSARPAC FT SHAFTER HI//APLG//

- (2) Army Alaska:

Commander, 6th Infantry Division (L)
ATTN: AFVR-DL-TF
Fort Richardson, AK 99505-5700

Message address: CDR6THINFDIV L FORT RICHARDSON AK//AFVR-DL-TF//

- (3) Navy:

Commander, US Pacific Fleet
ATTN: Code 414
Pearl Harbor, HI 96860

Commercial: 808 471-9876; DSN: 471-9876
E-mail address: veningf@cpf.navy.mil
Message address: COMPACFLT PEARL HARBOR HI//CODE 414//

(4) Air Force:

HQ, Pacific Air Force
ATTN: LGRDT
25 E Street, Suite J304
Hickam AFB, HI 96853

DSN: 315 449-8198
FAX: 315 449-3686
E-mail address: deborah.bailey@hickam.af.mil
Message address: HQ PACAF HICKHAM AFB HI//LGRD//

(5) Marine Corps:

Commanding General, FMFPAC Hawaii
ATTN: Chief of Staff, G-4/SMO/TMO
Box 64118
Camp H. M. Smith, HI 96861-4118

Message address: COMMARFORPAC//G-4/SMO/TMO//

3. Service and Agency Distribution.

a. Army.

- (1) Finance Center or Claims Office (CONUS commercial shipments only). When the appropriation shown on the BL begins with “21” or if the TAC begins with an “A”, forward TDRs to:

Defense Finance and Accounting Service (DFAS)
Indianapolis Center
ATTN: DFAS-IN-BVAYC
8899 East 56th Street
Indianapolis, IN 46249-0650

Commercial: 317 510-2650; DSN: 699-2650
FAX: Commercial: 317 510-7829; DSN: 699-7829
For OCONUS claims, contact the AMO for information.

- (2) Additional Army Distribution Requirements. Include NICP/ICP for reporting purposes. Use installation supply officer or MILSTRIP document data to assist in determining correct IM.

- (a) Commander
US Army Joint Munitions Command (JMC)
ATTN: AMSJM-TT
Rock Island, IL 61299-6000

(All Army Ammunition Plants and Arsenal under this Command)

(b) Commander
US Army Communications and Electronics Command (CECOM)
ATTN: AMSEL-LC-MMD-DT
Ft. Monmouth, NJ 07703-5000

(c) Commander
US Army Aviation and Missile Command (AMCOM)
ATTN: AMSMI-LC-MM-D
Redstone Arsenal, AL 35809

(Redstone Arsenal under this Command)

(d) Commander
US Army Tank-Automotive and Armaments Command (TACOM)
ATTN: AMSTA-LC-CIAT
Warren, MI 48397-5000

(e) Commander
US Army Test and Evaluation Command (ATEC)
ATTN: AMSTE-LG-S
Aberdeen Proving Ground, MD 21005-5055

(TECOM is not an NICP but requires copies of TDRs its subordinate TOs prepare)

(f) Commander
US Army Medical Material Agency
ATTN: TRANS
Ft. Detrick, MD 21701

(All medical material units under this Command)

(g) Commander
US Army Soldier Biological Chemical Command
ATTN: AMSSB-RIM-L (N)
Kansas St., Bldg 3 Room 129
Natick, MA 01760

(3) Additional required distribution to Army primary sources of supply:

(a) Army Sources of Supply and NICP for Army managed-items. (See Appendix I, Paragraph C)

(b) Army Secondary Item Control Activities for non-Army managed items.

(4) For all shipments with shortages, partial loss, damage, theft, or pilferage, ensure that a copy of the SF 361 is furnished to the consignee's local stock control activity or requisitioner (copy to both the activity and requisitioner, when different offices).

b. Navy.

- (1) For CONUS commercial shipments, only, when the TAC begins with “N” or in cases where an LOA is used, the gaining agency is 17 and the appropriation chargeable is not 1105, 1106, 1107, 1108, or 1109, or the gaining agency is “97” and the sub-head starts with an “N”, forward TDRs to:

DFAS Norfolk
ATTN: Code NVVP
1837 Morris Street, Suite 1401
Norfolk, VA 23511-3431

Commercial: 757 443-4372; DSN: 646-4372
E-mail address: arlene.peterson@dfas.mil
Commercial: 757 443-4370; DSN: 646-4370
E-mail address: margie.mitchell@dfas.mil
Commercial: 757 433-43693; DSN: 646-4369
E-mail address: beverly.jones@dfas.mil
FAX: Commercial: 757 443-4004; DSN: 646-4004

- (2) For OCONUS commercial shipments, forward TDRs to servicing finance center.
- (3) Additional Navy Distribution requirements:

- (a) For TDR involving ammunition and explosives, forward TDRs to:

Commander
Naval Ordnance Safety and Security Activity
Farragut Hall, Building D-323
23 Strauss Avenue
ATTN: N714
Indian Head, MD 20640-5555

Commercial: 301 744-6043, ext.190; DSN: 354-6043, ext.190
Commercial: 301 744-6055/56, ext.110; DSN: 354-6055/56, ext.110
FAX: Commercial: 301 744-6093; DSN: 354-6093
E-mail address: heitzmannnta@navsea.navy.mil
E-mail address: belloj@navsea.navy.mil

- (b) For all shipments with shortages, partial loss, damage, theft, or pilferage, assure that a copy of the SF 361 is furnished to the consignee’s local stock control activity or requisitioner (copy to both when different).

c. Air Force.

- (1) Finance Center and Claims Office (CONUS commercial carrier shipments only). When the appropriation shown on the BL begins with "57" or if the TAC begins with an "F", forward TDRs to:

Commander
Defense Finance and Accounting Service
Indianapolis Center
ATTN: DFAS-IN-BVAYC
8899 East 56th Street
Indianapolis, IN 46249-0650

Commercial: 317 510-2650; DSN: 699-2650
FAX: Commercial: 317 510-7829; DSN: 699-7829

- (2) Additional Air Force Distribution Requirements.

- (a) For any TDR involving ammunition, explosives, and other HAZMAT, forward TDRs to:

75 MUNS
7530 Eleventh Street
Hill AFB, UT 84056-5707

- (b) For any Air Force sponsored SAP shipment, (first position of the TCN = D), including FMS or the SAP, forward TDRs to:

HQ AFMC/LGTT
4375 Chidlaw Road, Room B117
Wright-Patterson AFB, OH 45433-5006

Commercial: 937 257-3422/5631; DSN: 787-3422/5631
Fax: Commercial: 937 257-3371; DSN: 787-3371
Charles.werthierner@wpafb.af.mil

- (c) For all shipments with shortages, partial loss, damage, theft, or pilferage, ensure that a copy of the SF 361 is furnished to the consignee's local stock control activity or requisitioner (copy to both when different).

d. Marine Corps.

- (1) Finance Center and Claims Office (CONUS commercial carrier shipments only). When the TAC on the BL begins with "M", or in cases where an LOA is used, the gaining agency is "17" and the appropriation chargeable is 1105, 1106, 1107, 1108, or 1109, forward TDRs to:

Transportation Voucher Certification Branch (TVCB)
ATTN: 470
814 Radford Boulevard, Suite 20318
Albany, GA 31704-0318

E-mail address: mooretc@matcom.usmc.mil

- (2) Additional Marine Corps distribution requirements:

- (a) Any Marine Corps International Logistics shipments, including FMS and SAP shipment(s), (first position of the TCN = K), forward TDRs to:

Navy Inventory Control Point (NAVICP)
International Program
ATTN: Code PP764, Transportation Branch
700 Robbins Ave., Building 4B
Philadelphia, PA 19111-5095

Commercial: 215 697-5002; DSN: 442-5002
FAX: Commercial: 215 697-0766; DSN: 442-0766
E-mail address: george_verghis@fmso.navy.mil

- (b) For all shipments with shortages, partial loss, damage, theft, or pilferage, ensure a copy of the SF 361 is furnished to the consignee's local stock control activity or requisitioner (copy to both when different).

e. US Coast Guard (USCG).

Commanding Officer (OGC)
USCG Finance Center
1430 Kristina Way
Chesapeake, VA 23326

Commercial: 757 523-6763
FAX: Commercial: 757 366-6541
E-mail address: cgibbs@fincen.uscg.mil

NOTE: Coast Guard personnel must follow Agency transportation discrepancy reporting guidelines contained in COMDTINST M4610.5, Transportation of Freight and COMDTINST M4610.6, US Coast Guard Freight Loss and Damage System.

f. DLA.

- (1) Finance Center and Claims Office (CONUS commercial carrier shipments, only). When the appropriation shown on the BL begins with “97” or if the TAC begins with an “ S”, forward TDRs to:

Defense Finance and Accounting Service (DFAS)
Indianapolis Center
ATTN: DFAS-IN-BVAYC
8899 East 56th Street
Indianapolis, IN 46249-0650

Commercial: 317 510-2650; DSN: 699-2650
FAX: Commercial: 317 510-7829; DSN: 699-7829

- (2) Additional DLA Distribution Requirements. Forward a copy of the SF 361 to the Defense Supply Center when requesting credit, repair, or disposition instructions. (Do not send Centers “status of shipment” or “requests for proof of delivery” requests. For lost, short-shipped or over-shipped shipments, submit a SF 364.) (See Figure 210-4)

Routing Identification Code: S9C/S9E

Defense Supply Center, Columbus
ATTN: DSCC-NAB
P. O. Box 3990
Columbus, OH 43216-5000

DSN: 850-2089
FAX: Commercial: 614 692-4179; DSN: 850-4179

Routing Identification Code: S9G

Defense Supply Center, Richmond
ATTN: DSCR-JKR
8000 Jefferson Davis Highway
Richmond, VA 23297-5000

DSN: 695-3209
E-mail address: s9grods@dscr.dla.mil
FAX: Commercial: 804 279-6638

Routing Identification Code: S9I/S9T/S9S/S9M

Defense Supply Center, Philadelphia
ATTN: DSCP-OMD (Transportation)
700 Robbins Avenue
Philadelphia, PA 19111-5092

Commercial: 215 737-3825; DSN: 444-3825
FAX: Commercial: 215 737-8400

Routing Identification Code: SMS

Defense Supply Center Philadelphia
ATTN: Pam Stephens, DSCP-ILSI
700 Robbins Avenue
Philadelphia, PA 19111-5092

Commercial: 215 737-5237; DSN: 444-5237
FAX: Commercial: 215 737-7902; DSN: 444-7902
E-mail address: paa9346@exmail.dscp.dla.mil

Routing Identification Code: S7S

Defense Supply Center Philadelphia Pacific Region
ATTN: DCSPP-SCP
440 Fuller Way
Pearl Harbor, HI 96860-4967

Commercial: 808 471-0513; DSN: 315 471-0513

(Use the DSCP-OMD address to report discrepancies)

g. DCMA.

- (1) Finance Center and Claims Office (CONUS commercial carrier shipments only). When the appropriation shown on the BL begins with "97" or if the TAC begins with an "H", forward TDRs to:

Defense Finance and Accounting Service (DFAS)
Indianapolis Center
ATTN: DFAS-IN-RTEC
8899 East 56th Street
Indianapolis, IN 46249-0001

Commercial: 317 510-2650; DSN: 699-2650
FAX: Commercial: 317 510-7829; DSN: 699-7829

- (2) Additional distribution requirements:

- (a) Forward a copy of the SF 361 to the CMO and the TO on any shipment made by a contractor. The CMOs are located in Block 10 of the DD Form 250, Material Inspection and Receiving Report, Figure 210-15 and Block 6 of the DD Form 1155, Order for Supplies or Services, Figure 210-16.
- (b) For all shipments with shortages, partial loss, damage, theft, or pilferage, assure that a copy of the SF 361 is furnished to the consignee's local stock control activity or requisitioner (copy to both the activity and requisitioner, when different offices).

h. GSA.

- (1) Direct all SF 361s on shipments made from or directed by GSA to the National Customer Service Center (NCSC). This includes direct delivery shipments from a vendor or contractor, but excludes shipments of commercial vehicles. The NCSC address is:

GSA National Customer Service Center (6FRT)
1500 East Bannister Road, Building 4
Kansas City, MO 64131-3087

Commercial: 800 488-3111; DSN: 465-1416

- (2) The NCSC will also accept discrepancies sent via e-mail at rodsn.ncsc@gsa.gov, or through GSA ADVANTAGE. See <https://www.gsaadvantage.gov>, for more information on GSA ADVANTAGE.
- (3) Additional distribution requirements:

Submit TDRs for shortage, damage, theft, or pilferage on shipments of commercial vehicles purchased through GSA to the following address:

General Services Administration
Federal Supply Service
Automotive Division (FFA)
1941 Jefferson Davis Highway, Room 600
Arlington, VA 22202

i. International Logistics Shipments.

- (1) For FMS, SAP, and Presidential Determination, forward TDRs to:

Defense Finance and Accounting Service (DFAS), Denver
Directorate for Security Assistance
ATTN: DFAS-AW/DE
6760 E. Irvington Place
Denver, CO 80279-2000

Commercial: 303 676-6391
E-mail address: greg.keiling@dfas.mil

Also, forward a copy to the responsible in-country military assistance advisory group.

- (2) Sponsoring Service International Logistics Coordinating Office listed under the Service section. The sponsoring service determines the first position of the TCN, for example:

B = Army
D = Air Force
P = Navy
K = Marine Corps

j. AAFES.

(1) Finance Center and Claim Office:

Headquarters
Army and Air Force Exchange Service (AAFES)
ATTN: CM-1, P.O. Box 222305
Dallas, TX 75222

(2) For any AAFES consignor, provide a copy to:

HQ AAFES
ATTN: LG-T, Box 660320
Dallas, TX 75266-0320

Exchange Customer Contact Center: 877 891-7827

k. Headquarters, Defense Commissary Agency (DeCA).

(1) Finance Center and Claim Office:

Headquarters, Defense Commissary Agency (DeCA)
Transportation Division
1300 E Avenue, ATTN: Ms. Arlene Ripp, Manager
Building 11200
Fort Lee, VA 23801-1800

Commercial: 804 734-8878; DSN: 687-8878
FAX: Commercial 804 734-8666
E-mail address: arlene.ripp@deca.mil
Message address: DECA FT LEE VA//CC/TR//

l. 3PL Contract Shipments. Transportation discrepancies in shipment must be reported directly to the contractor using the TDR module in ETA/GFM. Discrepancy reporting requirements and claim settlement information are in Appendix C, Performance Work Statement, of the 3PL Contract.

4. SAP Addresses.

a. Sponsoring US Military Services/IA. A copy of any submission related to the SAP will go to the Security Assistance Agency that generated the shipment involved. The US Army, US Navy, US Air Force and the Defense Reutilization and Marketing Service (DRMS) are the major IAs involved in the SAP. The addresses to use for furnishing SAP Agency copies are found in Paragraph F.5.f of Appendix E of this regulation.

b. Director DFAS Denver Center SAAC
ATTN: DFAS-D
6760 East Irvington Place
Denver, CO 80279-2000

J. TDR POLICY OFFICE ADDRESSES

1. The following activities are responsible for TDR policy issues:

a. Air Force

Commander
Air Force Material Command
ATTN: LSO/LOTG
5215 Thurlow Street, Suite 5, Building 70
Wright-Patterson AFB, OH 45433-5540

Commercial: 937 257-4814; DSN: 787-4814
FAX: Commercial: 937 257-4403; DSN: 787-4403
E-mail address: Margaret.proctor@wpafb.af.mil

b. Army

HQDA, ODCSLOG
Transportation Policy Division
ATTN: DALO-TSP
500 Army Pentagon

K. TDR CODE USAGE

1. Discrepancy Type and Cause Codes. Appendix I, Paragraph D lists possible discrepancy codes. The first portion indicates type of discrepancy and second position indicates cause of discrepancy, e.g., astray cargo attributed to incomplete marking would be coded “A3”, and damage attributed to spoilage would be coded “DG”. The second position must agree with one of the discrepancy causes assigned to the discrepancy type reported in the first position.
2. Mode of Shipment--Container and Breakbulk. Appendix I, Paragraph E identifies the type of packing used for container and BB shipments. For ATCMDs, the mode will indicate the initial movement from the origin shipping activity.
3. SDDC VAN, MILVAN, SEAVAN Shipments. The first position of the code is always “A” for SDDC VANS, “Y” for MILVANS and “Z” for SEAVANS. The second position of the code in Appendix I, Paragraph F, identifies who loaded the vans and to what capacity the vans were loaded.
4. Type Pack Codes. The type pack codes in Appendix I, Paragraph G, identifies the type of packing used for container and BB shipments.

23. REMARKS	
INSTRUCTIONS FOR PREPARATION	
This form shall be prepared in a sufficient number of copies so that the original and one copy can be mailed to the carrier, and additional distribution made in accordance with agency requirements. Detailed instructions are provided below for those items which are not considered self-explanatory.	
Items 1, 3, 9, and 10 - For optional use by civilian agencies - primarily for use by military activities. Item 2 - Enter file reference or agency number, as appropriate. Item 4 - Leave blank unless carrier has assigned a claim number and requested its use. Item 11 - Enter applicable carrier transportation reference number (e.g., waybill, lading, delivery receipt, etc.). Item 18 - Enter dock receipt number for ocean shipments. Item 19 - Enter accounting fund classifications to be credited with collections from carrier for unearned freight and property. (If same for both, enter classification in Item 19a and use ditto marks in Item 19b.).	Item 21d - Enter weight of units short; weight of units or components rejected to carrier account of damage beyond economical repair. Item 21e - Enter actual value of units (not released or declared value). Item 21g - Enter freight rate, total weight, and amount of unearned freight for which carrier has been paid and which must be refunded. (When different rates apply to different units, enter "See Item 23" in spaces for rate and weight and show computations in Item 23.). Item 25a - Enter name of activity preparing claim; also enter address if different from address shown in Item 7. Item 25d - Enter date claim is prepared. Item 25e - Enter date on which claim is mailed to the carrier.

☐ (2) Does not have a manufacturer's label affixed and is pre 75 diesel powered or pre 68 gasoline powered vehicle and is not regulated under CAA.											
☐ (3) Was certified as meeting US EPA emission standards without using a catalyst or was shipped overseas prior to 1 March 1976.											
☐ (4) Requires a catalyst and/or operable oxygen sensor to meet US EPA emissions standards (Select appropriate options under Import or Export sections.)											
b. IMPORT (If POV is equipped with an oxygen sensor, option 3 may also have to be marked.)											
☐ (1) The catalyst was removed prior to use overseas and:											
☐ (a) Has been reinstalled prior to shipment. (Proof of installation required.)											
☐ (b) Will be reinstalled in accordance with the EPA Waiver.											
☐ (2) The catalyst was not removed prior to use overseas and:											
☐ (a) A new catalyst has been installed prior to shipment. (Proof of installation required.)											
☐ (b) A new catalyst is accompanying the vehicle and will be installed in accordance with the EPA Waiver.											
☐ (3) This POV requires an oxygen sensor to meet US EPA emissions standards and:											
☐ (a) An operable sensor has been installed prior to shipment. (Proof of installation required.)											
☐ (b) An operable sensor is accompanying the vehicle and will be installed in accordance with the EPA Waiver.											
☐ (4) No replacement catalyst and/or operable oxygen sensor is accompanying this vehicle. The owner must post bond with US Customs prior to vehicle release at the US Port of Entry, except if a NEW catalyst and/or oxygen sensor is presented to Customs prior to the release of the vehicle.											
c. EXPORT (If POV is equipped with an oxygen sensor, X as applicable.)											
☐ (1) Catalyst ☐ Oxygen sensor has been removed and is accompanying the vehicle.											
☐ (2) Catalyst ☐ Oxygen sensor will be removed at the overseas port prior to using leaded gasoline.											
☐ (3) Catalyst ☐ Oxygen sensor will be replaced overseas just prior to turn-in or a new catalyst/oxygen sensor will accompany the vehicle when it is returned to the US.											
☐ (4) The vehicle owner does not desire to participate in the DoD POV Import Control Program. (Bond with US Customs required upon return.)

Figure 210-10. DD Form 788, Private Vehicle Shipping Document for Automobile

CONDITIONS GOVERNING SHIPMENT	
I UNDERSTAND AND ACCEPT THE TERMS UNDER WHICH THIS VEHICLE WILL BE TRANSPORTED OVERSEAS AS SET FORTH IN EXISTING REGULATION, i.e.: 1. That only one (1) privately-owned vehicle is being transported overseas under permanent change of station orders for the owner and/or his family as personal property, and that it is free of any legal encumbrance that would preclude its shipment and is not intended for resale. Owner must also retain a second (extra) set of keys. 2. That this vehicle contains no personal property in excess of that authorized in regulations of the Service concerned. I further understand that personal property shipped will only include those items that can fit in the container normally provided for vehicular tools and accessories. (3) That no land transportation is authorized at Government expense except as specified in Section 12 of the Missing Persons Act, as amended, and 10 USC Section 2634(a). (4) That failure of the owner to provide sufficient permanent type antifreeze to protect the cooling system to minus 20 degrees F (or lower if determined to be necessary by the shipping port) relieves the Government of any liability for damage due to freezing. THIS CERTIFICATE constitutes authority for the placing in available storage chosen by the port, at the complete expense of the owner and at no cost whatsoever to the Government, the vehicle herein property of above named owner, (1) by the port of embarkation in the event that shipment of privately-owned vehicles therefrom is suspended or terminated because of a national emergency, and (2) by the port of debarkation in the event that the automobile is not picked up by the owner or his agent within forty-five (45) days after dispatch of the notification of its arrival. I further understand that should the vehicle be placed in such storage, the Government, thenceforth, would not be responsible for its release or return to the owner or agent.

DD FORM 1155, DEC 2001

PREVIOUS EDITION IS OBSOLETE.

Figure 210-16. DD Form 1155, Order for Supplies or Services

Table 210-1. Timeframes for Submitting TDRs

Type of Discrepancy Message/Document (SF 361)	Classified/Protected Shipments and All Shipments of AA&E	Unclassified/Unprotected
Advisory or RFI Message	Immediately, via telephone	Within seven calendar days of discovery
Follow-up Notification Message	Within 24 hours via message	Not required
Advisory/RFI Message Response	Within seven calendar days	Within seven calendar days
Tracer Message, if required	Send a tracer message the eighth calendar day after loss is discovered	Send message within eight calendar days after loss is discovered
Cancellation Message	Within 30 calendar days of discovery	Within 30 calendar days of discovery
SF 361, if not resolved	NLT 30 calendar days after discovery, cancel message; take claim action	NLT 30 calendar days after discovery

Table 210-2. Time Limit to File Claim

Mode of Shipment	Time Limit to File Claim
Domestic motor	Nine months from date of delivery or expected date of delivery
Domestic rail	Nine months from date of delivery or expected date of delivery
Domestic air	Limits are set forth on the individual carrier's air waybill
Ocean	One year from date of delivery
International air	Visible damage – within 14 days of delivery; other damage – within 14 days of delivery; non delivery of goods – 120 days from the date of the airway bill issue
Small package carrier	Limits are set forth in the carrier's individual service guide

Table 210-3. Completing a TDR

Transportation Discrepancy Document (SF 361)	Complete These Block Numbers on the TDR
Advisory TDR	1-2, 4-8, 10, 12, 16-17, 20-24, 28, 30-31
Initial Notification TDR	1, 4-31
Loss or Damage TDR	1-28, 30-33
Astray Freight TDR	1-31
TDR Claim for Action	1-46
Miscellaneous TDR	1-28, 30-31 Block 30 - Indicate the probable party who is responsible for the discrepancy, e.g., the shipper, packer, carrier, within seven calendar days after the discrepancy was noted.

Table 210-4. TDR Development Supporting Documents

Supporting Document	Shortage Discrepancy	Damage Discrepancy
Minimum Documentation Needed To Support a TDR for a Claim		
Copy of the BL. For commercial air shipments, a copy of both the front and back of the airbill is required.	☑	☑
Copy of the consignee's copy of the carrier's delivery receipt with discrepancy noted and signed and dated by the carrier's driver and the consignee.	☑	☑
Copy of the shipping document completed to show NSN, quantity shipped, material condition, unit cost, and noun or nomenclature as shown by the Federal Supply Catalog. This shipping document may be a DD Form 1348-1, DD Form 250, DD Form 1149, DD Form 1155, etc.	☑	☑
Additional Documentation, as Needed		
When there is a consolidation of requisitions in a carton covered by one TCN, a completed copy of each document in the consolidation is required to establish the actual loss.	☑	
When property is shipped in reparable (F) condition, a reparable value statement is required, citing the actual preshipment value.		☑
For prepaid FOB origin shipments, a copy of the contractor's paid invoice is required.	☑	☑
Copy of a document showing the consignee's supply records have been researched for confirmation of whether or not the property checking short has been received. If ultimate consignee is overseas, they will be contacted for confirmation of whether or not shipment has been received and a copy of such reply will be included in the TDR package.	☑	
A copy of the debit document showing how many items were received on a partial delivery (for example, one box of two received).	☑	
A copy of the shipper's reply to the TDR (Request for Information) confirming whether or not shipment was shipped as billed and condition of property when tendered to the carrier.	☑	☑
Copy of the shipper's reply to TDR (Request for Information) describing conditions under which loading, blocking, and bracing took place, the adequacy of those actions, and who performed them. Shipper must show if packing, loading, blocking, bracing were performed according to the terms of the contract, the Rules of the Association of American Railroads or American Trucking Associations, and whether or not loading was inspected by carrier.		☑
Copy of tally-out and tally-in records for truckload or rail shipments when carrier is determined responsible for the shortage or damage.	☑	☑
Copy of tally-out, tally-in, or truck loading/unloading manifest for any shipment considered to be shipper load and count and/or consignee unload.	☑	
For concealed loss or clear delivery receipt, signed affidavit(s) by person(s) who first discovered the discrepancy, showing time, place, circumstances of delivery, and explanation as to why shortage or damage was not noted at time of delivery. If the property was moved from the original delivery point, also include signed and dated statement(s) or affidavit(s) by person(s) who moved the property, showing distance, method of movement, time, and circumstances of movement.	☑	☑

Supporting Document	Shortage Discrepancy	Damage Discrepancy
A copy of the carrier's inspection report signed by the carrier's representative and the consignee. If the carrier declined inspection of the damaged property, a copy of the government inspection performed, signed and dated by a technically qualified person.		☒
Original photographs made of the damaged property, showing the carrier's name, BL number, date shipped, TCN, date shipped, and NSN to identify the property.		☒
Itemized actual or estimated repair cost statement, signed and dated by a technically qualified person. For commercial repair, a copy of the contractor's paid invoice.		☒
Copy of the carrier's receipt for property released to it for salvage, showing the preshipment value as the amount of the government's loss. The carrier or its authorized agent must sign the receipt.		☒
Copy of the official accident report initiated by law enforcement personnel for loss or damage due to aircraft, rail, or highway accidents.	☒	☒
If damaged property was sent to a repair facility, a copy of the BL or freight bill for transportation costs to and from the repair facility.		☒
For small package express shipments, a copy of the pickup record, e.g., manifest, bar code number, or BL. Include the SF 1034, Figure 210-9, or other paying documentation to support transportation charges paid on shipment.	☒	☒
For small package express shipments, a copy of the tracer or loss and damage investigation report/number. The carrier will not honor claims failing to cite this number.	☒	☒
Appropriation to be credited for replacement or repair costs.	☒	☒

Table 210-5. DD Form 470 Package Documents

Required Documents	Supporting Documents
Statements of the vessel's master, officers, or agent, in connection with reports of discrepancies	Statements of witnesses
Original tally sheets establishing quantity discharged, condition of cargo as noted by the checker or tally clerk, and place of stowage	Cargo survey reports
Stevedore damage reports, with identification of stevedore and report of recovery action being taken	Reports of investigation
Extracts from vessel's log books	Photographs and diagrams
Repair estimates and invoices establishing cost of repair	Sales contracts establishing salvage value, price lists, or purchase invoices
Reports of costs incurred by the US Government or recipient foreign government for re-cooperage, additional handling, or other extra work required solely as a result of damage to cargo	Any other information to support the claim process and prevention of future cargo loss or damage
