offer protection from particulate materials at an N95 filtration efficiency level per 42 CFR 84.181
3. Elastomeric, air-purifying respirators and appropriate particulate filters/cardtriges
4. Powered Air Purifying Respirator (PAPR)
5. Portable Ventilators, including portable devices intended to mechanically control or assist patient breathing by delivering a predetermined percentage of oxygen in the breathing gas
6. Drug product with active ingredient chloroquine phosphate or hydroxychloroquine HCl
7. Sterilization services for any device as defined in section 201(h) of the Federal Food, Drug, and Cosmetic Act and sterilizers as defined in 21 CFR 880.6860, 880.6870, and 880.6880, including devices that already have FDA marketing authorization and those that do not have FDA marketing authorization but are intended for the same uses
8. Disinfecting devices intended to kill pathogens and other kinds of microorganisms by chemical means or physical means, including those defined in 21 CFR 876.1500, 880.6992, and 892.1570 and other sanitizing and disinfecting products suitable for use in a clinical setting
9. Medical gowns or apparel, e.g., surgical gowns or isolation gowns
10. Personal protective equipment (PPE) coveralls, e.g., Tyvek Suits
11. PPE face masks, including any masks that cover the user’s nose and mouth and may or may not meet fluid barrier or filtration efficiency levels
12. PPE surgical masks, including masks that covers the user’s nose and mouth and provides a physical barrier to fluids and particulate materials
13. PPE face shields, including those defined at 21 CFR 878.4040 and those intended for the same purpose
14. PPE gloves or surgical gloves, including those defined at 21 CFR 880.6250 (exam gloves) and 878.4460 (surgical gloves) and such gloves intended for the same purposes
15. Ventilators, anesthesia gas machines modified for use as ventilators, and positive pressure breathing devices modified for use as ventilators (collectively referred to as “ventilators”), ventilator tubing connectors, and ventilator accessories as those terms are described in FDA’s March 2020 Enforcement Policy for Ventilators and Accessories and Other Respiratory Devices During the Coronavirus Disease 2019 (COVID–19) Public Health Emergency located at https://www.fda.gov/media/136318/download

Authority
The authority for this Notice is Executive Order 13910 and section 102 of the Defense Production Act of 1950, 50 U.S.C. 4512, as amended.
Wilma M. Robinson,
Deputy Executive Secretary, Department of Health and Human Services.

BILLING CODE 4150–03–P

DEPARTMENT OF HOMELAND SECURITY

[Docket No. CISA–2020–0002]

Notice of Request for Extension of a Currently Approved Information Collection for Chemical–Terrorism Vulnerability Information (CVI)

AGENCY: Cybersecurity and Infrastructure Security Agency, DHS.

ACTION: 60-Day notice and request for comments; extension of Information Collection Request: 1670–0015.

SUMMARY: The Infrastructure Security Division (ISD) within the Cybersecurity and Infrastructure Security Agency (CISA) will submit the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995. The submission proposes to renew the information collection for an additional three years and update the burden estimates.

DATES: Comments are encouraged and will be accepted until May 29, 2020.

ADDRESSES: You may send comments, identified by docket number through the Federal eRulemaking Portal: http://www.regulations.gov. Follow the instructions for sending comments.

Instructions: All submissions received must include the agency name “CISA” and docket number CISA–2020–0002. All comments received will be posted without change to http://www.regulations.gov, including any personal information provided.

Comments that include trade secrets, confidential commercial or financial information, Chemical-terrorism Vulnerability Information (CVI),

Sensitive Security Information (SSI), or Protected Critical Infrastructure Information (PCII) should not be submitted to the public docket. Comments containing trade secrets, confidential commercial or financial information, CVI, SSI, or PCII should be appropriately marked and packaged in accordance with applicable requirements and submitted by mail to the DHS/CISA/Infrastructure Security Division, CFATS Program Manager at CISA, 245 Murray Lane SW, Mail Stop 0610, Arlington, VA 20528–0610. Comments must be identified by docket number CISA–2020–0002.

FOR FURTHER INFORMATION CONTACT: Lona Saccomando, 703–235–5263, cfats@hq.dhs.gov.

Pursuant to 6 U.S.C. 623, the CFATS regulations establish the requirements under 6 CFR 27.400 that covered persons must follow to safeguard certain documents and other information developed under the regulations from unauthorized disclosure. This information is identified as CVI and, by law, receives protection from public disclosure and misuse. This collection will be used to manage the CVI program in support of CFATS. The current information collection for the CVI program (IC 1670–0015) will expire on January 31, 2021.5

CISA proposes one revision from the previously approved collection. Specifically, to increase the loaded

Footnotes:
2 For more information about SSI see 49 CFR part 1520 and the SSI Program web page at www.tsa.gov/for-industry/sensitive-security-information.
3 For more information about PCII see 6 CFR part 29 and the PCII Program web page at www.dhs.gov/pcii-program.
5 The current information collection for CVI (i.e., IC 1670–0015) may be viewed at https://www.reginfo.gov/public/do/PRAViewICR?ref=/nhe–201764–1670–002
average hourly wage rate of respondents from $78.93 to $79.75 based on updated BLS wage and compensation data. This process is conducted in accordance with 5 CFR 1320.8.

CISA’s Methodology in Estimating the Burden for the Chemical-Terrorism Vulnerability Information Authorization

Number of Respondents
The current information collection estimated that 20,000 respondents submit a request to become a CVI Authorized User Number annually. The table below provides the number of respondents over the past three years (i.e., Fiscal Year (FY) 2017 through FY 2019).

<table>
<thead>
<tr>
<th>Number of Respondents</th>
<th>FY 2017</th>
<th>FY 2018</th>
<th>FY 2019</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>19,392</td>
<td>16,504</td>
<td>13,667</td>
</tr>
</tbody>
</table>

Due to past fluctuations and uncertainty regarding the number of future respondents, CISA believes that 20,000 continues to be a reasonable estimate. Therefore, CISA proposes to retain the estimated the annual number of respondents.

Estimated Time per Respondent
In the current information collection, the estimated time per respondent to prepare and submit a CVI Authorization is 0.50 hours (30 minutes). CISA proposes to retain the estimated time per respondent.

Annual Burden Hours
The annual burden hours for the CVI Authorization is [0.50 hours × 20,000 respondents] × 1 response per respondent], which equals 10,000 hours.

Total Capital/Startup Burden Cost
CISA provides access to CSAT free of charge and assumes that each respondent already has computer hardware and access to the internet for basic business needs. Therefore, there are no annualized capital or start-up costs incurred by chemical facilities of interest or high-risk chemical facilities for this information collection.

Total Recordkeeping Burden
There are no recordkeeping burden costs incurred by chemical facilities of interest or high-risk chemical facilities for this information collection.

Total Annual Burden Cost
CISA assumes that the majority of individuals who will complete this instrument are Site Security Officers (SSOs), although a smaller number of other individuals may also complete this instrument (e.g., Federal, State, and local government employees and contractors). For the purpose of this notice, CISA maintains this assumption. Therefore, to estimate the total annual burden, CISA multiplied the annual burden of 10,000 hours by the loaded average hourly wage rate of SSOs of $79.75 per hour. Therefore, the total annual burden cost for the CVI Authorization instrument is $797,474 [10,000 total annual burden hours × $79.75 per hour].

Analysis

Title: CFATS Chemical-terrorism Vulnerability Information.

OMB Number: 1670–0015.

Frequency: “On occasion” and “Other”.

Affected Public: Business or other for-profit.

Number of Respondents: 20,000 respondents (rounded estimate).

Estimated Time per Respondent: 0.50 hours.

Total Burden Hours: 10,000 annual burden hours.

Total Burden Cost (capital/startup): $0.

Total Recordkeeping Burden: $0.

Total Burden Cost: $797,474.

Richard S. Libby,
Deputy Chief Information Officer, Department of Homeland Security, Cybersecurity and Infrastructure Security Agency.
