it is clear that the alleged "victims" are as guilty as their criminal henchment. they come here and the victims only tell on the criminals when they criminals get too tough on them. that's when they rat on their helpers. i am not in favor of either the victim or the criminal getting to stay here permanent.y. both should be thrown out. if they came here illegally, both should be thrown out when the trial is over. just because you finally have enough from the criminal that does not entitle you to come into this country.

get rid of all these criminals. the victims are part of the plot and not innocent at all. this is just pure crap and a ripoff being perpetrated on the citizens of this country. deport them all. no permanent residents for any of them.
