GENERAL INFORMATION

Background.--This proceeding was instituted in response to a petition filed on January 27, 2021, by Daikin America, Inc., Orangeburg, New York. Countervailing and antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce ("Commerce") makes an affirmative determination of subsidization and/or dumping. Questionnaires and other information pertinent to this proceeding are available at https://usitc.gov/investigations/701731/2021/granular_polytetrafluoroethylene_ptfe_resin_india/preliminary.htm.

Granular PTFE resin covered by these investigations is granular polytetrafluoroethylene (PTFE) resin. PTFE is covered by the scope of this investigation whether filled or unfilled, whether or not modified, and whether or not containing co-polymer, additives, pigments, or other materials. Also included is PTFE wet raw polymer. The chemical formula for PTFE is C_2F_4 , and the Chemical Abstracts Service Registry number is 9002-84-0.

Subject merchandise includes material matching the above description that has been finished, packaged, or otherwise processed in a third country, including by filling, modifying, compounding, packaging with another product, or performing any other finishing, packaging, or processing that would not otherwise remove the merchandise from the scope of the investigations if performed in the country of manufacture of the granular PTFE.

The product covered by this investigation does not include dispersion or coagulated dispersion (also known as fine powder) PTFE.

PTFE further processed into micropowder, having particle size typically ranging from 1 to 25 microns, and a melt-flow rate no less than 0.1 gram/10 minutes, is excluded from the scope of this investigation.

Granular PTFE resin is currently imported under statistical reporting numbers 3904.61.0010 of the Harmonized Tariff Schedule of the United States (HTSUS). It may also be imported under HTSUS statistical reporting number 3904.69.5000. The HTSUS provisions and CAS Number are for convenience and customs purposes; the written description of the scope is dispositive.
