### Centers for Medicare & Medicaid Services c/o Survey Processing [INSERT VENDOR ADDRESS]

#### Dear FNAME LNAME:

The Centers for Medicare & Medicaid Services (CMS) is asking for feedback from people in Medicare health and drug plans. **We'd greatly appreciate your time to tell us about your Medicare plan.** Your input will improve Medicare services and help others like you choose a health plan.

Please take a few minutes to tell us about your experiences. Medicare uses this information to improve plan quality and to rate and share information on all plans. Plan ratings are publicly available at <a href="mailto:medicare.gov/plan-compare">medicare.gov/plan-compare</a> and in the "Medicare & You" handbook.

The survey takes about 15 minutes. Participation is voluntary, and your information is kept private by law.

For questions about this survey, please call the survey organization working with Medicare toll-free at 1-XXX-XXX-XXXX, Monday - Friday, from XX am - XX pm [INSERT TIME ZONE].

Thank you for your help with this important project.

Sincerely,

Amy Larrick Chavez-Valdez

Director, Medicare Drug Benefit and C & D Data Group

# **Medicare Experience Survey**

#### MEDICARE SURVEY INSTRUCTIONS

This survey asks about you and the health care you received in the last six months. Answer each question thinking about yourself and the times you got health care in person, by phone or by video call. Please take the time to complete this survey. Your answers are very important to us. Please return the survey with your answers in the enclosed postage-paid envelope to [Survey Vendor].

- If you changed your Medicare plan for 2021, answer the questions thinking about your experiences in the last 6 months of 2020.
- Answer <u>all</u> the questions by putting an "X" in the box to the left of your answer, like this:
   Yes
- Be sure to read all the answer choices given before marking your answer.
- You are sometimes told not to answer some questions in this survey. When this happens you will see an arrow with a note that tells you what question to answer next, like this: [→If No, Go to Question 3]. See the example below:
