

Privacy Act Statement

Authority for the collection of information using the Custom Tables Request Form for the American Community Survey (ACS) is provided under 13 U.S.C. 8.

The purpose for collecting this information is to gather information from users who want to request a custom table using ACS data. The form will provide users a way to request help for data needs that cannot be met with the data sources from data.census.gov or through the Public Use Microdata Sample File. Information collected includes name, telephone number, email address, organization, organization address, and job title.

Disclosure of the information provided to us is permitted under the Privacy Act of 1974 (5 U.S.C. § 552a) and may be shared with other Census Bureau staff for the work-related purposes identified in this statement. Disclosure of this information is also subject to the published routine uses as identified in the Privacy Act System of Record Notice COMMERCE/DEPT-5, Decennial Census Programs.

Providing this information is voluntary. Failure to provide this information may affect the Department of Commerce's ability to provide some custom tabulations using ACS data.
