public comment on federal register

this is no time to waste tax dollars on a recreation survey when so much of the population is poor as a churchmouse and cant pay their rent, cant buy food, cant pay their electric bill. they cant go recreating if they have no money. we are in economic chaos as is realistic. this is a terrible waste of tax dollars at a time when we dont need this information at all. what we need to do is help get out of this pandemic. this is just wasted tax dollars. cut this budget to zero. no such survey at this time. this comment is for the public record please receipt. jean publiee [jeanpublic1@gmail.com](mailto:jeanpublic1@gmail.com)
