americzn citizens want ice to continue to protect our borders from the liars/fakers/criminals who seek to come here to become leaches on every social program we have in existence. however many millions of illegal immigarnts have already sneaked into this country and they dont like ice. they want the right to have endless more of their foreign criminals to come here. for example ms l3 is all overlong island already causing mayhem,murder, crime. we dont need our entire usa to turn into that. we know many countries are in fact shi. holes. we they are that way because the people want to live that way with bribery and corruption at the core. we are going more and more that way with all the illegals that sneak in here from places like that. the fact is they hafe to stay in their own country to change it. we should not be allowing them to come here, like haiti which is still here when 20 years ago they had some problem in their country. why in the world would you let people from another country come here for 20 years and let them go on temporary protected status for that amount of time,. 20 years i s not temporary oin any sense of the word. its a lie to the american peoplke. the lying told by corporate profiteers who want to get cheap labor and not pay american labor their proper amount of money so they cna live here in decent conditions is amazing. the softward companies in california are prime proponents of tryignj to poay cheap wages to their employees so they can shaft american workers. this is swrong. it is obscene. we need to hav e apolicy that first of all protects americans.
