thi program shoudl be mandated to be used for every emplohyee in this country. as you are well aware, it is being misused and especiaallhy in the construction and restaurant business. all of them are illegal immigrants. they are liars,sneaks and fakers who shoul dnot be in this country at all. the e verify program should have a large massive staff to go out to find out exactly who is working in these two indsutries as a start and shoudl show that they need to match up every ssnumber submitted twith an eactual person and should make suere eveyr employee working these industries has a flull right to work in america. many americans cant get jobs becaues employers hire slave labor who are foreign illegal immigrants. such usje of illegal imigrants means that they dont contribute to anyu programs like social security or other taxation programs . they just take and take and take. they gre free education for their kids and each kid costs taxspayers a half a million dollars to educate. a real shock to american taxpayer. and american kids then dont get a decent educationj because all the teachers are busy teaching these kids who dont belong in america in the first place. we have a lousy immigration system that just lets these illegal sneaks leaches sneak intot his country and we do nto assign the proper american manpower to throw them out on their ears. they dont belong there. they are hurting our american economy. they are hurting the american people. the rich illionaires use them as slaves.

we havent abolished slavery we just use different people for that work now. it needs to be cleaned up. you shoudl have to be an american citizen to work int hsi country. we need to stop this govt from being traitors to american citizens. american citizens demand that their gov tprotect jobs for american citizens. we dmand that as much as others who are demanding. we damdnt ahat jobs zre given onlu to us citizens. we have the right to thosejobs.no foreigner has the right to an ameican job. we need to have a govt that will ser to it that aemricans are given preference. this commetn is for the public record.
