every single employer who hires any employees shoudl have to get an everify form from that employee. the fact is the construction industry, teh restqaurant industry are well known to give jobs to illegal immigants from foreign countries. that shudlnot be allowed. they take jobs from american citizens. every single one of them shoudl be found out and deported to their own country not here hurting americans. this commetn is for thepublic recod. the failureof our own govt to protect its own citizens is appalling and obscene. you are hurting american citizens who need jobs.

put this damn program into operation with a $10,000 fine for those who dont check the information submitted to them. we are sick of letting these foreign lawbreakers do this to american citizens.
