GDS Website User Testing Screening Questions

OMB Control Number: 0925-0648

Expiration Date: 05/31/2021

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a current valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0648). Do not return the completed form to this address.

Welcome

Welcome to this Treejack study, and thank you for agreeing to participate!

The activity shouldn't take longer than **10 to 15 minutes** to complete.

Your response will **help us to organize the content on our website.** Find out how on the next page...

Instructions

Here's how it works:

1. You will be asked to find a certain item and presented with a list of links.
2. Click through the list until you arrive at one that you think helps you complete the task.
3. If you take a wrong turn, you can go back by clicking one of the links above.

This is not a test of your ability, there are no right or wrong answers.

That's it, let's get started!

Task 6 of 10

Skip this task

You are part of a study team that has generated large scale human genomic data. You know you need to submit that data to an NIH-designated repository, but you cannot recall the expectations for when data should be submitted. Where would you go to find out the process and expectations for submitting your data?
