Golden, CO, 80401

Email: jbremer@mines.edu

Organization: Colorado School of Mines

General Comment

Hi

Here are comments on the upcoming PAPPG 22-1 for Proposal Preparation

1. II.C.2.f Biographical Sketch(es)

a. Some of our PIs completed their University studies in their home country or abroad and weve heard from these faculty they are unable to create a biosketch via sciencv as their educational institutions are foreign and the form does not allow for input of foreign universities. Update sciencv to allow for inclusion of foreign institutions on biographical sketch

2. II.C.2.f(ii) Other Personnel

a. Rather than allow a freeform biographical sketch for Other Personnel, mandate use of either NSF fillable biographical sketch OR sciencv biographical sketch. Both these options are allowable, work for all personnel, and are in use currently.

b. The current NSF biosketch templates have been vetted by SPOs, PIs, and NSF AND include a FAQ for everyones use whereas a freeform document will not provide consistent data from person to person

3. II.C.2.h Current and Pending Support

a. Include FAQs in the actual text and not as a footnote

b. Regarding overlap will there be a new fillable C/P and sciencv C/P form? How will you ensure the text limit is sufficient for each PI to describe her/his overlap? Has the new C/P form been vetted by PIs, SPOs, and NSF?

Thanks for allowing for comments
