Subject: Fw: laura bush isnt paying for a cent of this spending - we all are and we can cut it now public comment on federal register

this information collection can be done away with and the budget for this agency should be cut by 50% immediately and the staff cut. there is no need for this extensive giveaway program for libraries when they are not open and ofefering service in any way shape or form. they are dead zones with nothing there for people. you can take out a few old books and old dvds but they offer nothing new for the last year. nothing new has been bought. all

has been thrown out. not offered to the public free but
thrown into garbage cans. the library has nothing in it
anymore. we havent had the benefit of getting the old
books or dvds. we got nothing. and yet this agency is
always wanting more more more and we get less less
less. nobody goes to the library anymore. they dont want
anybody in the library these days but the costs to run
them and the staff comes into srve nobody. they serve
nobody. few are in the library. we could shut them down
with 1 person to check out books. they are not doing
anything for anyone anymore. they are useless. the
budget for this agency should be cut. the giveaways
should stop. the people are being bankrupted for nothing
this comment is for the public record. please receipt.,
